Criminals Admit Forging Checks in S. E. Missouri

Norman Shepherd, age 28, and J. P. Sullivan, age 41, both of Wickliffe, Ky. are under arrest in Arkansas on several charges including auto theft and passing worthless checks. Sullivan was arrested several days ago at Mena, Ark. where the men have been making their headquarters for several months. Shepherd fled when the arresting officers arrived on the scene and escaped. He was arrested later near Blytheville, Ark. through a letter written by Sullivan and intercepted by the police. Under questioning it developed that the men stole a 1931 model Chevrolet coach in St. Louis several months ago. They then went to California where they stole a 1932 model Chevrolet in Los Angeles also bringing it to Mena. The latter car was later turned by the men leading the officers to believe that the men had used the car in some

holdup and were afraid of it being recognized. Due to the fact that one of the stolen cars was from Missouri the Arkansas officers asked for aid from the Missouri State Highway Patrol. Troopers John Tandy and Percy Little of Troop E went to the Arkansas cities and in questioning the men got their admission that they stole 150 checks of the Sugar Creek Creamery Company and forged these throughout this section. From the description of the town, officers believe that the checks were stolen from Bloomfield. The men were captured through their operations in cashing worthless checks in Arkansas towns. The State Patrol is trying to identify the car stolen in St. Louis. The men may be indicted by the Federal Government for their auto stealing.

Officers Recommended to Head Local C. of C.

The nominating committee of the Chamber of Commerce met in the directors' room of the Scott County Milling Company Wednesday afternoon and decided to recommend the following slate for officers the coming year. They are: President—E. F. Schorle First Vice President and chairman of Civic Committee—F. D. Lair Second Vice President and chairman of Production Committee—Art Swacker Third Vice President and Chairman of Industry Committee—C. L. Malone Fourth Vice President and Chairman of Transportation Committee—B. V. Forrester Fifth Vice President and Chairman of Commerce Committee—Z. E. McAmus Treasurer—C. D. Matthews III. A smoker will be held the evening of March 22 to confirm or reject the above slate, due notice of which will be given.

Willing Workers to Have Pictures Taken Sunday

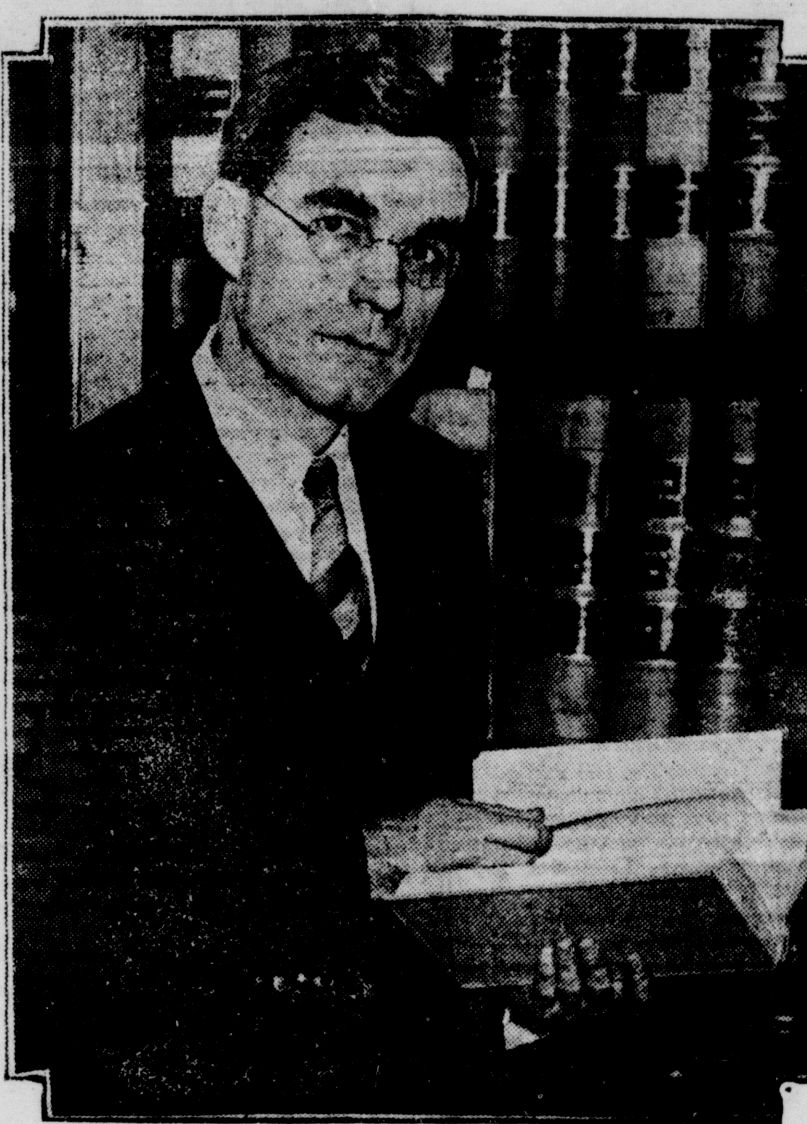

Sunday, March 11, is to be a busy day for members of the Willing Worker's Young Peoples Class at the Church of the Nazarene. The picture of the class is to be taken and 100 single young people are expected to be present for this event. The class was organized last October and at the present time has an enrollment of over seventy members, and has an average attendance of seventy-five every Sunday morning. The teacher, Rev. C. F. Tranter, is leading the class on to future victory. This class is playing an important part in the building program, having pledged over \$100 toward the new building. All young single people are cordially invited to attend this class—especially this coming Sunday morning session and be in the picture.

Legion Day at Moberly State-Wide Meeting for National Commander

Legionnaires of Moberly are putting the finishing touches on plans for entertaining National Commander Hayes at a State-wide Legion Day there Sunday, March 11th. P. L. Shackelford, distinguished soldier and Legionnaire, is in charge of local arrangements. National Commander Hayes, accompanied by Mrs. Hayes and by State Commander J. Grant Frye of Cape Girardeau, will fly from Springfield early Sunday morning and will arrive at the landing field in Moberly about 10 a. m. A parade from the landing field to the Junior College Auditorium will be the first main feature. Many Legion bands and drum corps are making preparations to attend. The St. Louis Auxiliary Choral Club will be in attendance and will have a prominent place in the program. The Sanford Brown Choral Club of Kansas City is expected. From present indications, more than 2000 Legionnaires from all points in Missouri will be in attendance. Large delegations are being planned for Kansas City and St. Louis. The program will begin at 10 a. m. at the Junior College Auditorium and with an hour off for the noon day banquet, will end about 3 p. m. The main feature of the program will be the National Commander's address. Some of the outstanding leaders in Legion affairs in this part of the country will be in attendance. Among them will be Harry Colmery of Topeka, Kansas, and E. W. Caruth, National Vice-Commander of the Legion. Among those that have been invited are United States Senator Bennett C. Clark and Mayor Bernard F. Dickman of St. Louis. There will be no business transacted, but it will be simply a day of entertainment and inspiration. It has become an annual affair in Missouri to have an All-State Legion Day once a year at some central Missouri point on the occasion of the visit of the National Commander.

The editor is in receipt of a letter from Mrs. Pat Shepard, of Memphis, Tenn., formerly Miss Marjorie Smith of Sikeston, and without her permission we are giving a few extracts for the benefit of her many friends in this city: "As you no doubt have heard I have been sick for sometime and am still confined to my home and not allowed to talk for an indefinite period, which I assure you is bad, as you know it has always been the ladies privilege to talk or cry at any time she pleases, and for the throat specialist to tell me bluntly to shut up and give my husband a chance to talk some—well, you may well know the big kick Mr. Shepard derived from that. * * * To those who may be interested to know, I'm feeling just grand in every way except my throat and only God and time can and will heal me and God has helped me to bear other crosses much greater than this one and I know he will help me through this. Patience and perseverance on my part, which I'm cultivating beautifully, are helping through it all. I have no earthly idea of giving up as Mr. Shepard has promised me a visit back in Sikeston this summer with all my friends."

Luke Mathews says he retired from business at the age of 21 as he was too heavy to be a jockey and too puny and nervous to wrangle a side-hill plow on stumpy ground.—Commercial Appeal.

HARRY C. BLANTON
Now United States District Attorney

Great Crowds Throng to Methodist Revival

Great crowds have thronged to the local Methodist Church this week to hear the wonderful messages being brought achieving by that outstanding evangelist from the south, Dr. Bert Culppepper from Memphis, Tenn., often called the "walking evangelist". Due to inclement weather the meeting has been delayed a little and only some 20 or 21 additions have been made to the church, but it is expected that the number will have grown to at least seventy-five to a hundred by the close of the meeting, which will probably be sometime next week. Following is an excerpt from one of Dr. Culppepper's great messages and taken from the universally known parable of the Good Samaritan—"And he said, 'which of these three thought thou was neighbor to him that fell among the thieves?' And he answered, 'he that showed mercy.' And Jesus said unto him, 'go and do thou likewise'."

In our world today there are three classes of people—the robbers, the robbed and the rescuers. The robber class can be divided into two kinds—moral and commercial. The greatest problems confronting the church today. Little children need to be in school instead of on the streets selling papers. Boys and girls who need to be in school are in the breadline of life fighting for existence—they've been robbed; they're getting an unequal break in life. Any parent who fails to teach his children the beauty of the Sabbath day and its services is robbing his boys and girls. How many do you know? Are you robbing somebody? Commercial robbers and the sweat shops of our life—what a horrible thing to employ children in factories where they do not have even a decent wage. The girls who should be learning the finer things of life. Commerce today is robbing these boys and girls. Anybody who does anything to lower the moral standing of life is a moral robber. There are a lot of folks who live under the rule of "getting, grab and hold". They're moral and commercial robbers. Jerusalem is a cross section of the highway of life. It was dangerous to make a trip in those days—robbers lurked at the spot. People were careless who didn't go prepared. When that priest saw the man who had fallen among the thieves, he went by on the other side. The priest had been at Jerusalem telling the people how to live, but when the opportunity came to put into practice his teachings, he didn't measure up. He felt sorry for the man, but felt no responsibility in the matter. So many people today have wealth, but haven't time to bother with their less fortunate brothers—going by on the other side of life. The Levi took care of the music in the temple or synagogue—saw that all the rituals of the church functioned properly—always said "Amen". He went over to the man and looked at him—decided it was a horrible thing—something should be done about it—at the

SON FOR NEW U. S. DISTRICT ATTORNEY

Two honors came to Harry C. Blanton of Sikeston Monday. He was sworn in as United States district attorney and became the father of a son. The baby was born at St. Francis Hospital at 9:25 o'clock Monday night, about 12 hours after Mr. Blanton became district attorney. The baby, who weighed 8 pounds, 3 ounces, is the seventh child in the family. The others are Rosemary, 14; Patricia, 12; Maureen, 10; John, 7; Anne, 5; Joe 3.

BOYS ELIMINATED AT DISTRICT TOURNEY

The Sikeston boys' basketball team closed the season last night in the district tourney, when they lost a hard fought game to the tourney favorites, Fruitland, in their first encounter. At the end of the regular game period the two teams were tied with 16 points each. In an extra period to play the tie off the Fruitland lads counted 6 points while the Bulldogs only registered two points. As has been the case in each game that the Bulldogs have played on the Houck Field House court this season, the locals were unable to hit the basket with any results. Innumerable times the Bulldogs' shots rolled around the rim of the basket and dropped out. As the district tourney is a single elimination affair the local lads are home to stay.

LABORER AT HAYTI IS KILLED BY TRAILS

Hyti, March 5.—M. M. Payton, 45 years old, killed Saturday night by a Frisco freight train, was sitting on rail ties at the time, Frisco officials said. He is survived by his widow and one child. Payton was a laborer.

Vanduser and Doniphan Victors in 1st of Tourney

In the first two games of the Girls' Invitation Tournament played Thursday afternoon at the gym, the Sikeston girls lost 59 to 34, in a one-sided battle to the Vanduser sextet, winners of the Scott-Mississippi County Tourney. In the second game, Senath lost a hard fought game to the Doniphan girls, losing 29 to 23. Virgie Robinett of Doniphan and Story of Senath were removed from the game on foul. Box score, Sikeston and Vanduser game: Sikeston (34) Vanduser (59) Davis, 20 f Woodward, 35 Sellards, 8 f Hamby, 24 Heath, 6 f Phegley, 0

Negro Truck Driver Injured as Truck Left Road

Willie Bohand, negro truck driver, was injured Tuesday morning when he evidently fell asleep while driving a large trailer truck owned by Miley Limbaugh. The accident occurred about three miles north of Bernie. The truck was loaded with about 12,000 pounds of roofing material. Bohand fell asleep and the truck

Ten Negroes Arrested by Constable Jewell

Over a period of three days, Constable Brown Jewell arrested ten negro law violators. Seven of the negroes were charged with stealing corn, two with theft, and one with carrying a deadly weapon. Ruben Cox, colored, of Sikeston, was arrested Saturday on a charge of stealing \$28 worth of corn from the barn at the rear of the John A. Matthews home. He had hauled the corn away, a wheelbarrow full at a time and had taken it to the mill, where he sold it. He was taken before Judge Smith and pleaded guilty and was bound over to Circuit Court. Clarence Hunter, James Hankinson, Walter Powers, Fred Charles and Willie Chatman were arrested Saturday, and Emory Sawyer was arrested Tuesday, all on a charge of stealing 800 bushels of corn from a building on the Ed Fuchs farm, about five miles southeast of Sikeston. The five colored boys were charged with transporting stolen property in Scott County and were lodged in jail at Benton. Sawyer was arrested in New Madrid County and lodged in the County jail. He will be charged with the theft of corn. Constable Jewell arrested Joe Brown and Johnny Doe, both colored, Monday, west of Salcedo and turned them over to New Madrid County officers, where they were wanted for the theft of a tire and wheel from an auto at Matthews. They were lodged in the New Madrid County jail to await a hearing on the charges of larceny and tampering with an auto. James Russell, colored, of New Madrid, was arrested here Tuesday by Constable Jewell on a charge of carrying a pistol. He was removed to the jail at Benton.

Remodeling Chevrolet Garage

Workmen are busy in the Mitchell-Sharp Chevrolet Building with remodeling the inside of the structure. About 35 feet of the front office space is being added to the mechanical department. The old division wall has been torn out and a new one built. A door to the mechanical department will be built to open on to the alley to the east of the building so as to allow cars to drive out of the building without backing through the street door. The new arrangement will be much more convenient for both departments.

Dope Addict Sent to Jail

Cleat Lasswell was arrested by Constable Jewell and committed to the County jail for six months. Lasswell, a dope addict, had previously appeared before Judge Smith on charges of petty larceny and been sentenced to six months in jail or one year outside the county. He chose the latter but appeared here again, thus violating his parole and was taken to jail.

LABORER AT HAYTI IS KILLED BY TRAILS

Hyti, March 5.—M. M. Payton, 45 years old, killed Saturday night by a Frisco freight train, was sitting on rail ties at the time, Frisco officials said. He is survived by his widow and one child. Payton was a laborer.

ART KASSEL
Leader of
ART KASSEL'S IN THE AIR ORCHESTRA

The Sikeston Lions Club, Henry Meldrum Post 114 of the American Legion and the Sikeston Chamber of Commerce have secured the services of one of radio's most famous dance bands, Art Kassel and his Kassel's in the Air orchestra, for their Wednesday, March 14, dance. The three organizations secured permission from the School Board to use the high school gymnasium for this event, as it was necessary that ample room to accommodate over 50 dance couples be secured. The gymnasium has dance floor space of 6000 square feet, which, allowing nine square feet per couple, will give room to accommodate 666 couples with ease. The funds raised from this dance will be applied on their airport east of Sikeston.

The services of Art Kassel and his Kassel's in the Air orchestra, who have been a feature on the WGN and WLW stations for the past two years and booked through the management of the Music Corporation of America, assisted by Miss Kay Toland, will be the musical event of the Spring season. In order that there be no misunderstanding in reference to the admission, it was explained in detail that \$2.00 per couple was the maximum charge for those who dance, while fifty cents will be charged for those who desire only to look on. The balcony has been reserved for spectators and they have room to accommodate over 200 who desire to watch the dancing and listen to the music. It is expected that Southeast Missourians will greet their Northern Arkansas friends and Southern Illinois friends at this memorable occasion.

ICE BOX THIEF AT HARNES HOME FRIDAY

A thief robbed the refrigerator on the rear porch of the Dal Harnes home at 300 Kathleen Street, Friday night. The robbery occurred while no one was at home. The thief took eggs, lemons, butter and sandwich spread from the box and did not bother milk and other items which were in the box. From this fact it is gathered that there was only one person who did the robbing. The following night chickens were stolen from another residence nearby.

An editor in a Midwest town gave local business men and other readers a simple little lesson in the value of a newspaper. They had been saying that all advertisers needed was circulation, regardless of medium. The editor slyly got out his paper with nothing in it but advertising on the front, back and in-between pages. Three issues were enough to convince the townspeople, including the advertisers, that a newspaper was preferable to a dodger. The ads were worth little without the daily quota of news, editorials and features which make up a newspaper.—Press Spectator.

Cigarette manufacturers who spend thousands and thousands of dollars in the daily papers and never a cent with the weeklies figure the weeklies are entirely worthless for their purpose. Yet when the "Big Bad Wolf," "Tax," takes out after them they rush to the country crying "wolf, wolf." And we hope it gets them. These fellows right now need some of the "steady nerves" they advertise their merchandise will bring if

used. Of course they do not smoke their own product and have not the personal knowledge. The "nerve" they have in mind, is the nerve women must have to use them. Now these same concerns of "unadorned beauty fame" are sending out plates to the country under the impression all weekly newspapers are "simps" and we ashamed to say, that once-in-a-while, one is so simple as to run this, asking his farmer readers to write to their congressmen and senators to keep the "Big Bad Wolf" off of them. The joke of it is, the concerns do not even offer their dupes, one of their coffin nails to run the propaganda, and have too much respect for the dailies to even send it to them.—LaPlata Home-Press.

The trouble with most of us is lack of faith in what cannot be seen. We travel along in the old rut which seems to stretch out indefinitely, and just because we cannot see the end of it (which nobody can see, it happens) we assume that the end is not there. Then perhaps we listen awhile to the soapbox orator on the street corner, conclude that everything is out of joint, and lose the road entirely. As a matter of sober, practical fact, life is full of agreeable surprises. The rut which seems to lead nowhere has ways of broadening out suddenly and most unexpectedly. Of course, the plums of life are not always passed around with absolute impartiality, and in the longrun it is the man who stands by the ship who is invited to walk the quarterdeck.—Selected.

Landlady: "A professor formerly occupied this room, sir. He invented an explosive!"
New Roomer: "Ah! I suppose these spots on the ceiling are the explosive!"
Landlady: "No, they're the professor!"

GOVERNMENT BY SMOOT

For many years, Reed Smoot, ranking Apostle of the Mormon Church, sat in the United States Senate exuding piety and holiness. Behind the scenes, this sanctimonious personage was one of the most grasping and scheming politicians that ever lived.

A fine story it was that came out of Washington Wednesday. Smoot's son, Ernest, while drawing \$3325 a year as a Government employee, was retained by Western Air Express as a lobbyist. And his task was to induce the Government to continue payments on an air mail contract, questioned by the Comptroller-General because the contract had not been let to the low bidder.

When the Comptroller-General decided to let the payments continue, Ernest sent his bill for \$11,000. Western Air Express did not think he was worth that much, and paid him \$2400. Also, while on the payroll of the Government, Smoot represented other 'clients'. Altogether, in 1929, young Smoot received more than \$19,730 compensation from private individuals and companies for work whose nature he did not make clear. Pretty good for a \$3321-a-year clerk.

Such highly improper activity surprises no one who has followed the career of the elder Smoot. That gentleman tirelessly used his official position to advance his own interests. We quote from the Pearson-Allen book, "More More-Go-Round", published while Smoot was still a member of the Senate:

In Washington, he (Smoot) owns choice property sites and is chairman of the Public Buildings Commission, which supervised the laying out of the \$71,000,000 District of Columbia building program. As a member of the Senate Public Buildings and Grounds Committee, he is in position to work quietly for enhancement of his land values. He is chairman of the dominating Finance Committee, where he labors ceaselessly for high tariffs for his woolen and sugar mills, and for low income taxes for himself and the Mormon Church. Over a period of many years, he has built up a dynasty of officeholders in the capital so extensive that it rivals that of the President.

Small wonder that Ernest, watching Apostle Reed's marvelous way of causing the Government to work for his personal interests, should follow his example.—Post-Dispatch.

Soundings to ascertain the depth of water on entering or leaving a port are taken by the hand lead, which weighs from 7 to 14 pounds and is attached to a line 2 to 30 fathoms in length. The lead line is marked as follows: At 2 fathoms from the lead with two strips of leather, at three fathoms with three strips of leather, at five fathoms with a white rag, at seven fathoms with a red rag, at ten fathoms with a leather having a hole in it, etc. A fathom is six feet.

WHALES

A recent article stated a large ocean liner collided with a whale causing quite a shock. There are written stories of the old whaling vessel "Essex", which collided with a whale and with disastrous results. The bow of the Essex was shattered and she sank. The whale was later captured by another vessel and had parts of timber of the bow of the Essex imbedded in its flesh.

Whales of the Northern Arctic region reach tremendous size. One report estimated a whale captured by the Akutan Alaska Whaling Station weighed 100 tons. The average tonnage of the old whaling vessels was from 300 to 350 tons. While maneuvering with the fleet off the coast of Southern California, the battleship California ran into a whale which became lodged across the bow. It was necessary to stop the 32,000 ton Battle Force Flagship and back the ship to dislodge the whale.

A negro baby girl was born in an automobile at the ambulance entrance of a hospital at St. Charles one Friday morning recently. A few minutes before 11 o'clock a negro rushed into the hospital and related the condition of his wife. He had his car parked in front of the building and was told to drive it around to the ambulance entrance. An interne was called and the baby was born before the mother could be taken from the machine. The husband said he was taking his wife to the maternity hospital in St. Louis from his home in New Florence. Without getting out of the machine the mother was treated and said, "We just as well go home now". The sixty mile drive back to New Florence was then started.—LaPlata Home-Press.

NOTICE OF CITY ELECTION

Notice is hereby given that the regular City Election will be held in the City of Sikeston, Missouri, on Tuesday, April 3rd, 1934.

The polling places for said City Election in each of the Wards of said City will be as follows:

Ward No. 1: At the City Hall.

SHERIFF'S NOTICE OF SALE UNDER SPECIAL EXECUTION

NO 4912

NOTICE IS HEREBY GIVEN, That under and by virtue of a Special Execution issued from the Office of the Clerk of the Circuit Court of Scott County, Missouri, dated the 17th day of February, 1934, and to me, the undersigned Sheriff of Scott County, Missouri, directed in favor of The Lair Furniture Company, a corporation, and against Mable Atkinson, founded upon a judgment entered in the Circuit Court of Scott County, Missouri, upon a note and by attachment and entered of record in said Circuit Court on the 22nd day of November, 1933, for the sum of One Hundred Twenty-five & 66-100 Dollars (\$125.66), together with interest and costs, and in which said judgment the attachment was ordered sustained and said judgment was declared to be a special lien upon the hereinafter described real estate in Scott County, Missouri, to-wit:

Lots Seven (7) and Eight (8), Block Twelve (12), in Diehlstadt, Missouri, and being the property deeded to Mable Atkinson by deed filed April 17th, 1928 and recorded in Book 100 at page 103 of the Deed Records of Scott County, Missouri, Mrs. Lydie J. Williams being grantor therein.

NOW, THEREFORE, in obedience to the order and decree of said Court that the Attachment be sustained and the above property sold to satisfy said judgment and costs, notice is hereby given that I will on

MONDAY, THE 12TH DAY OF MARCH, A. D., 1934,

at the East Front Door of the Court House in the Town of Benton, Scott County, Missouri, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of that day, and during the session of said Circuit Court, under judgment and decree of November 22nd, 1933, to satisfy said judgment and costs sell to the highest bidder for cash in hand all of the right, title and interest of the said Defendant, Mable Atkinson in and to the hereinabove described real estate, or so much thereof as may be necessary to satisfy said judgment and costs.

Given under my hand this 17th day of February, A.D., 1934.

DON'T FORGET
PHILLIPS 66 MOTOR OIL
ABSOLUTELY OUR FINEST QUALITY
25¢ A QUART

Your motor needs high test gasoline for quick starting in freezing weather. You know that.

You also know that Phillips is the world's largest producer of natural high test gasoline.

Is it any wonder then, that in every ad we tell you exactly how high the test of Phillips 66 is! Not with high-sounding, meaningless claims. But with plain figures... which are definite proof of honest high test... which guarantee more value for the money... which insure real action for every cent you spend to fill the tank.

Phill-up with Phillips and feel the difference. Your motor starts with

split-second speed. Soon it purrs along as smoothly as on a rainy night in June. You use less choke and go more miles to the gallon. You get less vibration and more power, less noise and more speed.

These high test benefits of Phillips 66 are always preserved and protected by CONTROLLED VOLATILITY. Whether the mercury is down at zero or up in the nineties, every gallon of this greater gasoline is scientifically matched to your weather. Thus despite variations in temperature, you get consistently high performance from your motor. Stop for a trial tankful at any Orange and Black 66 shield.

HIGHEST TEST AND anti-knock at the price of ordinary gasoline

vices. Four will be baptised.
LESLIE GARRISON, Pastor.

Other Church News
The Arbutus Class held its reg-
ular monthly meeting Monday
night at the home of Mrs. J. N.
Hitchcock, with Mrs. Glenn Fish
and Mrs. Anna Jones assistant
hostesses. Twenty were present.
The regular business of the class
was transacted, followed by a so-
cial hour. The hostesses for the
April meeting will be Mesdames
Ben Morrison and Flora Royal.
The T. E. L. Class met Tuesday
night at the church, with 18 mem-
bers and two visitors present. A
pot luck supper was served, follow-
ed by a business meeting. The
class pledged \$1.00 monthly for
one year to the Baptist Hundred
Thousand Club. This was also 25-
cent night. The sum of \$5.00 was
realized, with like amount recently
given by Arbutus Class, will go to
pay balance due on church runners.
It was decided to have a "tacky"
party at the April meeting, which
will be held at the home of Mrs.

Dean Marshall, with Mrs. Boyd
Scillian assistant hostess.
The Y. W. A. held its meeting
Tuesday night at the home of Miss
Virginia Martin, with twelve pres-
ent. At the business session a
contribution to the Week of Prayer
was given. A program on
World Wide Missions was given,
with Miss Vernetta Smith leader.
The next meeting will be held on
Tuesday night, March 20, at the
home of Miss Hontas Lee. This
will be a social meeting.
The Intermediate G. A. met on
Tuesday night with Miss Helen
Johnson. Eleven members were
present. A program on "Telling
the Story", with Miss Muriel Ed-
wards as leader, was given. The
next meeting of the auxiliary will
be held Tuesday night, March 20,
at the Church.
Between 35 and 40 members of
the Agoga Class were present at
the meeting Tuesday night, held in
their class room. A "hot dog"
supper was served. Special music
was furnished by musicians from
Blodgett, who were: Paul, Earl and
Joe Blackwell and Glenn Clippard.
This class is composed of young
men and Jack Johnson is the
teacher.
The following classes will meet
next Monday night: Dorcas class,
Misses Glenda and Lelia Stacy;
Fidelis class, Mrs. Louise Smith,

with Mrs. Mae Smith, assistant
hostess.
**18 ATTEND MEETING OF
Y. W. M. S. TUESDAY**
Eighteen young women were
present at a meeting of the Young
Women's Missionary Society of
the Methodist church held in the
basement at 6 o'clock Tuesday
evening, March 6, the young ladies
being guests of the Ebert-Keady
Missionary Society, who gave the
girls a supper following, which
they presented a delightful pro-
gram. This meeting was held im-
mediately preceding the evening
preaching services.
This band of young women
which has been only recently or-
ganized, has the following officers:
President—Miss Edna Pinnell
Vice-President—Miss Kathryn
Clark
Secretary—Miss Marie Marshall
Treasurer—Mrs. Ethel Francis
Mission Study Leader—Miss Vir-
gina Mount
Regular meetings will be held
every first and third Tuesdays, the
first meeting of the month to be a
business meeting at the church
and the second meeting a social
meeting. The coming social meet-
ing will be with Miss Kathryn
Clark on March 20, which will be a
St. Patrick's party.

Roy Wagner. Eight members and
three visitors were present. The
evening was spent in playing radio.
The following winning: Mrs. Da-
vid Lumsden, first; Mrs. Lyman
Gross, second and Mrs. Lester Ris-
ter, third. The next meeting place
to be announced later.

**INCREASED SCALE
OF TIRE PRICES
VERY PROBABLE**
Local Goodyear Dealer Says Cost
of Raw Materials Responsible
The complexities of the interna-
tional monetary situation and the
reduction of the gold content in
the American dollar, may not be
quite clear to most motorists, but
all of them appreciate the increase
of the mileage content in their
tires, according to Sensenbaugh's,
local Goodyear dealer.
"The new 1934 Goodyear pass-
enger car and truck tires," says
Mr. Sensenbaugh, "contain more
miles, more safety and more en-
durance; and the prices are still
low, despite increases in factory
payrolls and advancing prices of
raw materials.
"There is no cause to worry
about the decrease of gold in the
dollar so long as the dollars will
still buy tires with a higher mil-
age content.
"All indications point to an in-
creased scale of tire prices. Pur-
chases of new tires today repre-
sent a very definite and concrete
economy, as it is almost certain
that the coming spring or summer
will see retail tire prices at much
higher levels.
"Rubber and cotton are being
quoted at the highest prices for
several years and as these are the
principal raw materials of which
tires are made, there is bound to
be a reflection in tire prices—up-
ward", Mr. Sensenbaugh says.

lance when the python caught him
in its coils.
A brush fire was burning at
the scene. The struggling man and
his reptile captor rolled into the
flames. Both were burned to death
while they fought.

**FITZSIMMONS ENTERS
SUPREME COURT RACE**
Jefferson City, March 5.—John
T. Fitzsimmons of St. Louis, a
commissioner of the Missouri Su-
preme Court, has filed his formal
declaration as a candidate for the
Democratic nomination for Division
No. 1 in the August primaries.
He is the first candidate from
either party to formally enter the
August primary races for the two
places to be filled on the Supreme
Court bench.

**MACDONALD SAYS ENGLAND
WON'T CEDE ANY TERRITORY**
London, March 6.—Prime Min-
ister Ramsay MacDonald told the
House of Commons today that un-
der no circumstances would Great
Britain consider turning over the
British West Indies or any other
territory to the United States in
payment of war debts. His decla-
ration was greeted with loud
cheers throughout the House.
The suggestion of this method
of paying the debts has been heard
many times and today P. W. Don-
ner, Conservative, asked the Prime

Minister to make a definite state-
ment "in view of apprehension in
Bermuda, the West Indies, and
Solomon Islands". MacDonald re-
plied it was "self evident that un-
der no circumstances could there
be any question of such an ar-
rangement".

Washington Hocks says his wife
is so fussy about making a bed
that only an expert bass drum
maker could stretch and tuck in
the sheets as tight as she does.—

W. B. A. TO MEET NEXT MONDAY NIGHT
The Woman's Benefit Association met Monday evening for regular business. Mrs. Gussie Cole, president, presiding.
A Pageant Club was organized with twenty members. Old members of the W. B. A. are eligible to join this club. All members who will enjoy a trip to the Great Pageant to be given at Cleveland, Ohio, in 1935, can win this trip free. For information see Deputy Rebecca Pierce.
Mr. May A. C. Sommers, Supreme Field Director, of St. Louis, and Miss Dorothy K. Hunt, Supervisor of Girls' Activities of Chicago, will be here in early April. This meeting will be an inspirational meeting for the event to be held in Cleveland, 1935. All members should attend this meeting.
The next regular meeting of the W. B. A. will be held next Monday evening, March 12, at 7:15 o'clock.

CO-WORKERS
The Co-Workers of the local Methodist church met Tuesday afternoon with Mrs. Roy V. Ellise. The regular business of the Society was transacted, followed by a social hour. The next meeting will be held Tuesday afternoon, March 20, at the home of Mrs. Kate Greer.

WESTWAY CLUB
The Westway Club of the Woman's Benefit Association was entertained Tuesday evening by Mrs.

Twilight Zone

Lighting An Unseen Item In Store Expense

When the most careful analysis of merchandising practice fails to explain why selling costs are too high for satisfactory profit... it's time to ask, "How about the lighting?" The twilight zone is a subtle enemy of business. Often it deceives managers into believing it is adequate, while it dims the attractiveness of displays and counters... robs clerks of alertness and efficiency.

The most successful store owners today know what the Twilight Zone costs... and how to avoid it. Let a representative from your own Electric Light Plant help you plan an effective lighting system.

ANNOUNCEMENTS

We are authorized to announce Dr. Z. Lee Stokely, of Poplar Bluff,

as a candidate for Congress from this district, subject to the will of the Democratic voters at the August primary election.

We are authorized to announce Dr. G. W. Presnell as a candidate for Mayor for the City of Sikeston, subject to the will of the voters, at the April election.

We are authorized to announce N. E. Fuchs as a candidate for re-election as Mayor of the City of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce W. H. Carter as a candidate for Police Judge of the City of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce Jos. W. Myers as a candidate for re-election for Police Judge of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce Robert A. Dempster as a candidate for City Attorney of the City of

Sikeston, subject to the voters at the April election.

We are authorized to announce Ira Shufft as a candidate for Police Chief of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce D. L. McElroy as a candidate for City Collector, subject to the will of the voters at the April election.

We are authorized to announce Ed "Pete" Kendall as a candidate for Collector of the City of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce Elmos Taylor as a candidate for re-election as Collector of the City of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce Lynn Waggener as a candidate for re-election as Alderman from the First Ward to the City Council, subject to the will of the voters at the April election.

The Standard editor and wife are very proud of a new grandson born to Mr. and Mrs. Harry Blanton Monday evening at St. Francis Hospital, Cape Girardeau. Mother and son doing nicely.

Engagement announcements are out for Miss Ruth Graichen, of Lawrence, Mass., and Mr. Lyman Barron Fox, of Boston, Mass. The happy event is to take place in the early summer when the flowers are in bloom, the birds singing, and all nature smiling. The Standard is not acquainted with the bride-to-be, but knowing Lyman, we are certain she is beautiful, accomplished, and has all the attributes that go to make a life long companion. Friends of Lyman in Sikeston join in wishing the couple long life and much happiness.

Patrol Sergeant Reed and Art Sensesbaugh were at Jefferson Barracks Wednesday transacting some business. While there they visited with Captain Wheatley,

formerly stationed at Sikeston, who asked to be remembered to friends. Since being transferred from Sikeston to Jefferson Barracks Captain Wheatley informed the boys his duties had never permitted him to get farther than St. Louis once or twice a month.

Sometimes it takes a mighty few lines in the editorial columns to set some people to fever heat. We do not always print names but generally know what we are talking about. It is seldom that we are mistaken, but if we find we are, then we shall try to make amends, if not, that's that.

Robert Dempster is home from Columbia for a few days, and, as he is a candidate for City Attorney, will try and see as many voters as possible. He is a very fine chap, we think.

Governor Park has paroled Clarence Stosberg, under 20-year sentence for criminally assaulting a 15-year-old girl. If the girl has a father or brother, with any guts, they'll settle quietly with Stosberg and do it promptly.

METHODIST CHURCH

9:30 a. m.—Sunday school. Superintendent, Ralph Anderson. At 10 o'clock Dr. Culpepper will speak to the entire Sunday school. At 10:30 o'clock he will again address the Men's Bible Class.

11:00 a. m.—Preaching Services. Sermon by Rev. Bert Culpepper of Memphis, Tenn.

Subject: "Jesus".
6:45 p. m.—Epworth Leagues.
7:30 p. m.—Evening Worship—Sermon by Rev. Culpepper.

On Saturday night Dr. Culpepper will speak to the boys and girls of the town, and will also operate on one of the boys, take out his heart and see what is in it. Every boy and girl of the town is invited to attend.

E. H. Orear, Pastor

WOMAN'S CLUB

The Woman's Club of Sikeston will hold their next meeting at the home of Mrs. C. D. Matthews, Jr., Tuesday afternoon, March 13. The Apollo Group of Sikeston will have charge of the program.

4-H CLUB MET
The 4-H Club met Wednesday

HOW ONE MAN LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man".

To lose fat safely and quickly take one-half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85c bottle lasts 4 weeks—Get it at Galloway's Drug Store, White's Drug Store or any drug store in America.

If not joyfully satisfied after the first bottle—money back.—3

John L. Tanner was treated to a surprise birthday dinner Tuesday of this week to which a few friends were invited. The occasion being in honor of Mr. Tanner's 75th anniversary.

Mesdames C. L. Blanton, Sr., John Sikes and C. L. Blanton, Jr., and Patricia Blanton visited Cape Girardeau Tuesday afternoon.

Dr. and Mrs. J. H. Keady returned home from Illinois Tuesday afternoon. Dr. and Mrs. Keady were called to Illinois on account of the death of a relative.

Raz Barlow remembers way back when everything was so dry and parched on the surface that wine, beer, liquor glasses and hip flasks were timidly advertised as "beverage containers".—Commercial Appeal.

Factories and Farms and Electric Power

As the electric power lines spread over the countryside, a new trial is blazed for the factory. Manufacture moves outward from the congested centers toward the smaller communities, seeking lower costs and better working conditions. The spread of industry is made possible by the spread of an ample, economical power supply. Payrolls and purchasing power accompany the factory. The farmer, no less than the small town resident, shares in the prosperity which results. The local market for his products is strengthened; and he benefits, too, from public improvements made possible thereby. This company's transmission lines, blanketing a wide area, insure the ample power supply upon which the spread of industrial activity is based.

Personal And Society Items From Morley

Mrs. H. Foster and Harold Perdue were Sikeston shoppers, Saturday.

Mr. and Mrs. S. Seabough were Cape Girardeau visitors, Sunday.

Buck Norman returned Saturday from a stay of several weeks in St. Louis.

Word reached here Sunday of the death Saturday night of Rube Armstrong of Vanduser of apoplexy. He was a son of Mr. and Mrs. Alex Armstrong and is survived by his wife and one son, Maurice, who is a student at the Cape Girardeau Teachers' College. He owned a barber shop and restaurant. Funeral arrangements had not been received here.

The Baptist Missionary Society met with Mrs. Fred Stephenson and Mrs. A. M. Lancaster Wednesday, February 28 at the home of the former. Eleven members and one visitor enjoyed a program in preparation for the Home Mission program of March 7. A delightful two-course lunch was served at the conclusion by the hostesses.

The Methodist Missionary Society was entertained by Mrs. J. E. Smith in their monthly meeting Thursday. Mrs. G. D. Harris led the program on "Missionary Opportunity in Brazil" with Mrs. Wm. Foster, Mrs. Phoebe Black, Mrs. U. G. Ragains and Mrs. J. E. Smith assisting. Nine members were present.

C. D. Harris came home Saturday from St. Louis for a week-end visit with his mother, Mrs. Mary Harris. He is attending a school of pharmacy.

H. F. Emerson, Jr. is home again after several months employment in California.

A very interesting meeting of the W. C. T. U. was held with Mrs. Lottie Leslie, Friday, February 23. All those interested are urged to attend these meetings on the fourth Friday of each month.

Joe May of Parma was here last Wednesday to attend the funeral of his uncle, Frank May.

Miss Wilma Ragains and Doris Ragains of Sikeston spent the week-end with homefolks.

CANCER TREATMENT IS DESCRIBED FOR MEDICAL SOCIETY

St. Louis, March 6.—Cases of cancer which have been successfully treated with an extract of the pancreas were described by Dr. F. L. Morse at the weekly meeting of the St. Louis Medical Society last night. Dr. Morse reported the progress of several cancer sufferers under this form of treatment, in one of which a malignant growth was found to have disappeared entirely.

The type of patient, said Dr. Morse, rather than the extent and character of the growth influence the outcome under this method. The plethoric, high-tension type of individual, he said, makes better progress regardless of the type of the malignancy. There is no rapid resolution of the cancer, but after four or five injections of the extract into the region where the growth occurs, the patient feels better, his strength and weight increase, his blood picture is improved and he has a better appearance, but it is usually three to four months before any decrease in the size of the tumor is evident.

Strange processes of repair occur, he declared. In one case a large secondary growth which involved the skin and bone of the head vanished and hair reappeared. In another, there was an enormous cancer of the bladder. This patient died later of an unrelated disease, and the autopsy showed the complete absence of even a trace of the cancerous growth.

Dr. Morse declined to go into

IN AND ABOUT TOWN

Mrs. C. M. Harris, Phone 581, Local Reporter

If Mrs. Jennie Sikes will present this item to The Standard she will be given a pound package of Baker's Breakfast Cocoa.

Attend the girls' tournament.

Mrs. A. B. Proffer of Dexter was here Monday afternoon, visiting with friends.

Attend the girls' tournament.

Roger Q. Brown, Jr., 12, son of Mr. and Mrs. R. Q. Brown of Marble Hill, was dismissed Tuesday from Southeast Missouri Hospital. When coasting last week he ran into a telephone pole and sustained a slight concussion.—Cape Mis-sourian.

Attend the girls' tournament.

Mrs. W. D. Clark of Scott Street entered the Southeast Missouri Hospital, Cape Girardeau, Tuesday,

the theory of cancer and its pathology. He said he was aware that this form of treatment was far from perfect, but said when the facts as ascertained are considered, namely, that certain types of patients thrive on the treatment, the hopefulness of the cases and the fact that the tumors have disappeared and the patients were restored to apparent health, the treatment certainly should be worth consideration. He urged the use of sufficient biological, laboratory and clinical material of a variety to warrant the working out of a scientific procedure in the treatment.

"If cancer," he said, "was a disease which would occasionally undergo spontaneous recovery, this very limited report of mine would mean nothing. But to see the marked improvement in some of the cases convinces me this pancreatic extract contains a specific 'something' which is necessary for a normal chemical but unidentified endocrine stimulant."

WOMAN DOCTOR FOUND GUILTY; GETS 25 YEARS

Chicago, March 7.—Only a high court, or death itself, can save Dr. Alice Wynkoop from the penitentiary now.

A jury convicted her last night of slaying her daughter-in-law, Rheta, in the "operating table" murder that horrified the nation. It fixed her sentence at 25 years imprisonment in the penitentiary. Only two ballots were taken.

The murder drama that began when Rheta's body was found, a bullet in the back, on Dr. Wynkoop's operating table last November 21, kept its interest in rushing crescendo to the last.

With the jury in its place, ready to report its verdict, Judge Harry B. Miller summoned the jail physician to stand by the 63-year-old woman, and be ready to administer strong heart stimulants, lest the shock of the verdict strike her dead.

She did not need his ministrations. She heard the verdict as she sat in her wheel chair without sign of a quiver. She turned to two of her children, Walker and Dr. Catherine Wynkoop, and said: "Go home, now children, and sleep. Your mother is not guilty. No, no, not guilty."

In a moment it was over and this paradox of a woman, with a keen, strong mind in a frail body, was being wheeled from the court room, back to the infirmary cot at the county jail. There she will await the result of her attorneys' efforts to win a new trial.

Arguments for a new trial have been set for March 24. If they are denied, an appeal to the State Supreme Court is planned.

The verdict was regarded by

as a surgical patient. Mr. Clark is working for the L. B. Price Company.

Ewell Barger of Lake Village, Ark., spent Monday night here with his parents, Mr. and Mrs. Geo. Barger, and children, Ewell, Jr., and Betty. Mr. Barger will return to Memphis, Tenn., this Sunday for further treatment. It is thought he will not have to undergo an operation.

Attend the girls' tournament.

Mrs. M. G. Gresham went to St. Louis Sunday night, where she will spend this week receiving medical treatment.

Attend the girls' tournament.

Chester Claghorn of Marion, Ill., visited here a while Tuesday morning with his sister, Mrs. Geo. H. Barger, and family, enroute home from Benton.

many as tantamount to a death penalty for Dr. Wynkoop, who had collapsed time and time again during the 14-day ordeal of this—her second trial. She suffered a complete collapse from heart disease during her first hearing in January. There was a likelihood, some physicians said, that she would die of natural causes before she goes to prison—if she goes.

Several hundred "murder fans" heard the verdict. The courtroom was jammed almost to the point of suffocation.

GET FIRST COUNTY LICENSES

The first County beer license issued went to Andy Metz of Oran and No. 1 package liquor license to L. D. Lankford of Chaffee, who paid the county treasurer \$25 and \$50, respectively, in order to comply with the recent order of the County Court.

Counties are permitted to levy not to exceed the rate fixed for State permits and the Court has ordered the following levies: Beer over 3.2 alcohol and not in excess of 5 per cent, weight, by the drink for consumption on the premises where sold, \$25 per year; intoxicating liquor in the original package, not to be consumed upon the premises where sold, the sum of \$50 per year; intoxicating liquors, by the drink, for consumption on the premises where sold, in incorporated cities having a population of more than 500 inhabitants, where such sale is authorized by the vote of a majority of the qualified voters of such city, the sum of \$300 per year; railroad companies operating through Scott County, selling intoxicating liquors for consumption upon its cars, the sum of \$100 per year.

CANNING CLUB GIRLS MAKE NEW RECORDS IN NATIONAL 4-H CONTEST

Chicago, March 3.—4-H Club girls made new marks in their canning work last year, according to a summary of thousands of records secured in a national contest conducted by the National Committee on Boys' and Girls' Club work of this city. Over 150,000 canning members in 37 States took part in the contest.

The largest amount of home canning reported was 6582 pints by Kathryn Casto Lorentz, W. Va., which she did in 8 years. Pauline Martin, Bedford, Va., using the commercial facilities of her family, showed 10,862 pints in eight years. Kenneth Benson, Winchester, Mass., put up 6791 pints, most of which he produced the last few years in a small commercial plant he operates. Elena Shoup, Ramona, Okla., canned 6112 pints in 9 years, winning national championship for her more complete records and the fact that she produced much of the raw material in fruit growing, garden and poultry projects.

The average of the State champions was 2460 pints. This included meats, vegetables and fruits. State champions had won an average of \$106 in prizes, and their gross income averaged \$942. This was realized in the six years they averaged in canning projects.

Their ages averaged 17½ years.

The contest is renewed for 1934 and offers prizes for county, State and National winner provided by the Kerr Glass Mfg. Corp. of Oklahoma. State winners receive educational trips to the National Club Congress to be held in Chicago in December. A \$400 college scholarship will be awarded the national winner. State and county club leaders are co-operating with the National 4-H Committee in the contest.

PHILANDERER AND HIS "HEART GERMS"

By Helen Rowland

A philanderer doesn't have to be exposed to the dangers of love, at this time of year. He carries the germs of the malady around with him, and leaves every woman he meets with a touch of heart trouble or high blood pressure.

Love used to be a sporting proposition; but there's not much sport about it in these days when a girl carries her heart around with full "Directions for Unlocking" printed right on the lid. Not every girl feels that "Independence" consists in taking orders and putting up with grouches from another woman's husband around an office all day, instead of giving orders to your own husband and coddling him into a good humor, all evening.

A woman is old or young, in inverse ratio to the ages of the men who look at her. She is not actually passeé until the men half her age stop looking at her and begin listening to her.

PROPOSES CUT IN SALARY OF RURAL MAIL CARRIERS

Washington, March 6.—Slashes in the salaries of rural mail carriers, which he estimated would save

more than \$11,000,000 a year, were recommended to the House post office committee today by Postmaster General Farley.

Pointing out reduced appropriations compelled savings, such as the day-a-month furlough, recently ordered for all employees, Farley asked permission to pare down the pay of the approximately 38,000 rural carriers in preference to pressing the program of consolidating routes and thereby having to drop some 9000 carriers.

The postmaster general said the salaries of rural carriers were excessive compared with other postal employees.

The bill by Representative Dockweiler (D-Calif.), which the committee is studying, would cut the basic pay of rural carriers from \$1800 for 24-mile routes, and \$30 a mile over that, to \$1800 for 30-mile routes covered six days a week, and \$20 a mile over that.

DRAWINGS MADE FOR DISTRICT TOURNEY AT CAPE

The drawings were made at the Teachers' College Monday morning for the annual District Basketball Tournament. The tournament opens Wednesday night and continues through Saturday.

The pairings were as follows: Wednesday night, Bloomfield vs. Hayti, Sikeston vs. Fruitland, Benton vs. Alton.

Thursday night—Dexter vs. Vanduser, Central vs. Oak Ridge, Fremont vs. Lutesville.

Friday afternoon—Poplar Bluff vs. Senath, Fomfelt vs. Matthews.

VANDUSER GIRLS VICTORS SCOTT-MISSISSIPPI TOURNEY

The Vanduser girls won the Scott-Mississippi County Tournament at Benton Saturday night by defeating the Diehlstadt girls in the finals 50 to 49. Charleston

won third place by defeating Blodgett 34 to 24.

A first and second all star teams were chosen by the officials at the end of the tourney. The first team: Forwards, J. Malone, Diehlstadt and Woodward, Vanduser; centers, Wilson, Vanduser and Suter, Diehlstadt; guards, Burke, Vanduser and G. Malone, Diehlstat. Second team: Forwards, Greer, Blodgett and Pemberton, Charleston; centers, E. Collier, Diehlstadt and Clippard Blodgett; guards, Kirkpatrick, Charleston and Slinkard, Vanduser.

BOY SCOUTS HIKE TO INDIAN MOUND SUNDAY

Following is a list of Scouts who passed second class cooking and firebuilding, tracking, signaling tests given at a meeting of Troop 43 at the home of the Assistant

Scout Master, David Keasler, Sunday morning: Billy Bess, Trentis Stovall, Bud Knight, J. T. Singleton and Fomnie Swaim. Following the tests twelve members of the troop hiked to Indian Mounds, where they had an enjoyable time rummaging around for Indian relics, bringing home a collection of arrow heads and a large clay pot.

A son was born Monday to Mr. and Mrs. Lyman Jine of Sikeston. The young man was christened Jerry Liman.

Last week a man painted Frisby Hancock's barn and put out a spring tonic sign, free gratis. It looks so toney Frisby says he's half a mind to swap residences with his horse.—Commercial Appeal.

Surprising Interest in the New Frigidaire '34

Since brief news items appeared in local papers relative to our acceptance of the FRIGIDAIRE AGENCY for Sikeston, a surprising number of inquiries have come in about the new models for 1934.

What are they like? What are the new features? What do they cost? etc., etc., etc., are the questions that are being fired at us from many quarters.

After attending the big factory sales meeting in St. Louis where 600 enthusiastic Frigidaire Agents sat, looked and listened for eight hours almost without a break, we offer only one word as an answer and that is,

WONDERFUL

FRIGIDAIRE as most people know is the "Daddy" of Electric Refrigeration.

Millions spent by the Company in experimental and research work during past fifteen years have brought amazing results.

We shall not go into details just now, but merely ask prospective buyers to prepare for a shock as to conveniences, quality and prices that go with Frigidaire '34 when the announcement is made—which will be shortly.

Air Conditioning Units, look like a nice piece of furniture, beverage coolers and commercial outfits also show vast improvements.

Watch and Wait for a few days and

Make it a Frigidaire '34

Open Meeting of Apollo Group

At the open meeting of the Apollo Group held Sunday afternoon at the Methodist Church was presented one of the finest home talent performances ever given in Sikeston.

The subject of the program was Church Music, the study being conducted by Mrs. B. F. Blanton, who read a paper on the history of church music.

Mrs. Blanton began with the earliest church music and in following her subject, showed how the development of sacred music was evidenced in the numbers presented. This lent added interest, as the number were from chorals, cantatas, oratorios, etc.

Mrs. Ralph Anderson was musical director of the meeting and deserve great credit for having gotten together so outstanding a program.

The recital was opened with two movements: (a) Allegro Moderato and (b) Adagio from Mendelssohn's Sonata No. 1, which Mrs. Anderson rendered on the organ. These two parts in their different tempo and feeling showed to advantage on the fine organ and were beautifully played.

"How Shall I Fitly Meet Thee" by Bach, a purely choral number, was very pleasingly given by a quartette composed of Mesdames E. H. Orear, H. E. Reuber, Messrs. George Kirk and Harry Dover.

Following the reading of the 150th Psalm by the Rev. E. H. Orear, Miss Madge Davis sang the Kyrie Elieson, accompanied by the voices of thirty young girls.

The next number was an Ave Marie by Abt, sung by Mrs. Geo. Kirk with the accompaniment of the voices of Mesdames Sharp and Hollingsworth and Miss Davis.

These two numbers are examples of Roman Catholic music and were most effectively given from the balcony in the rear of the church. They were both accompanied by Mrs. T. B. Allen at the piano—the last also by the organ.

Mrs. L. L. Parrett then played a most interesting example of Hebrew music. This was a splendid violin rendition of "Kol Nidrei" by Bruch.

"O Rest in the Lord" from the oratorio "Elijah" by Mendelssohn, was sung by Mrs. H. E. Reuber. This lovely number seemed especially adapted to Mrs. Reuber's contralto voice, which did it full justice.

Then followed three numbers: "Rest" by Gounod, "Twilight" by Abt and the Dohology sung by a quartette composed of Miss Davis and Mesdames Kirk, Sharp and Hollingsworth. These were very beautiful examples of sacred choral music and were well rendered. The Vesper service closed with the chorus "Unfold Ye Portals" from the Redemption by Gounod, which was most pleasingly sung by the choral club, a department of the Apollo Group.

MAJ. GOETZ IS GIVEN POST IN SWITZERLAND

Washington, March 7.—Major Robert C. F. Goetz, field artillery, whose home is Cape Girardeau, Mo., has been relieved as military attaché to Belgium, Luxembourg and Netherlands and assigned as military attaché at Berne, Switzerland, the war department announced.

THE
EDITOR
SAYS—

The president of the Sikeston Democratic Club was unable to be present at the pop meeting called for Tuesday evening on account of illness, and many who came to the Armory left before announcements could be made. Notwithstanding this, about seventy-five remained and talks of an encouraging nature was made by a number of Democrats. Dr. Presnell informed the gathering that he had been a member of the City Council for nearly a year and had not missed a single meeting and there was no reason why he could not do as well if elected Mayor. Reverends Collins and Jones, pastors of local colored congregations, stated it was their belief that a large majority of their voters would support Dr. Presnell for Mayor. Some date the coming week, it is expected to have Congressional candidates address the voters, notice of which will be given later.

It pays to advertise in The Standard. The last issue carried a paragraph stating an old man with little resistance who could furnish a meal ticket for two, was wanted. The paper was out but a few hours until an inquiry for full particulars was made.

The editor and publisher of The St. Charles Dailey Banner-News, R. M. Thomson, honored The Standard office with a visit Wednesday. The Banner-News has made several fights for a municipal light and power plant for his city and has not yet given up, though the proposition has been beaten a time or two. He complimented our printing plant very much and carried away several issues of the paper in order to show his home town merchants how the live firms of Sikeston were seeking business. Mrs. Thomson accompanied him on his trip South, though not to The Standard office.

Paul Morris, editor of the Malden Merit, was a Sikeston visitor Monday afternoon and paid The Standard office a call. Paul is a candidate for postmaster of that city and The Standard hereby recommends him to Hon. Bennett Clark as a capable and competent man and a 100 per cent Democrat.

The paragraph about the young woman fresh from the bath who signed the book and let loose of the robe, meant no reflection on the present or past postal administration, as it happened five years ago. The reflection is on The Standard editor for printing it, but was a true story just the same.

The Standard office was honored, Tuesday afternoon, by a visit from Misses Mary Leslie Cook and Ernestine Gilmore, of East Prairie. The young ladies are seniors in the high school of that city and were seeking advertisement for their School Annual.

The first days of this week were a great contrast to the first days of last week when the thermometer was bobbing around zero. It seems like time to make garden and put out flowers. The fishing fever is also making itself felt.

P. H. Wheeler, colonization agent of the Missouri Pacific Railroad, with headquarters at St. Louis, was in Sikeston Wednesday seeking information of our city and surrounding territory that might attract new capital to this section. He was accompanied to The Standard office by C. F. Bruton, expert authority on the Modern Promised Land. Mr. Wheeler is associated with John T. Stinson, formerly of Sikeston and reports Stinson as enjoying good health and trying to get used to some new store teeth. After looking over our art gallery, Mr. Wheeler believes Stinson will be down this way just as soon as he receives the report of the attractions.

The editor is in receipt of a letter from Mrs. Pat Shepard, of Memphis, Tenn., formerly Miss Marjorie Smith of Sikeston, and without her permission we are giving a few extracts for the benefit of her many friends in this city: "As you no doubt have heard I have been sick for sometime and am still confined to my home and not allowed to talk for an indefinite period, which I assure you is bad, as you know it has always been the ladies privilege to talk or cry at any time she pleases, and for the throat specialist to tell me bluntly to shut up and give my husband a chance to talk some—well, you may well know the big kick Mr. Shepard derived from that. * * * To those who may be interested to know, I'm feeling just grand in every way except my throat and only God and time can and will heal me and God has helped me to bear other crosses much greater than this one and I know he will help me through this. Patience and perseverance on my part, which I'm cultivating beautifully, are helping through it all. I have no earthly idea of giving up as Mr. Shepard has promised me a visit back in Sikeston this summer with all my friends."

Luke Mathewsala says he retired from business at the age of 21 as he was too heavy to be a jockey and too puny and nervous to wrangle a side-hill plow on stumpy ground.—Commercial Appeal.

Criminals Admit Forging Checks in S. E. Missouri

Norman Shepherd, age 28, and J. P. Sullivan, age 41, both of Wickliffe, Ky. are under arrest in Arkansas on several charges including auto theft and passing worthless checks. Sullivan was arrested several days ago at Mena Ark. where the men have been making their headquarters for several months. Shepherd fled when the arresting officers arrived on the scene and escaped. He was arrested later near Blytheville Ark. through a letter written by Sullivan and intercepted by the police. Under questioning it developed that the men stole a 1931 model Chevrolet coach in St. Louis several months ago. They then went to California where they stole a 1932 model Chevrolet in Los Angeles also bringing it to Mena. The latter car was later burned by the men leading the officers to believe that the men had used the car in some holdup and were afraid of it being recognized.

Due to the fact that one of the stolen cars was from Missouri the Arkansas officers asked for aid from the Missouri State Highway Patrol. Troopers John Tandy and Percy Little of Troop E went to the Arkansas cities and in questioning the men got their admission that they stole 150 checks of the Sugar Creek Creamery Company and forged these throughout this section. From the description of the town, officers believe that the checks were stolen from Bloomfield.

The men were captured through their operations in cashing worthless checks in Arkansas towns. The State Patrol is trying to identify the car stolen in St. Louis. The men may be indicted by the Federal Government for their auto stealing.

Officers Recommended to Head Local C. of C.

The nominating committee of the Chamber of Commerce met in the directors' room of the Scott County Milling Company Wednesday afternoon and decided to recommend the following slate for officers the coming year.

They are:
President—E. F. Schorle
First Vice President and chairman of Civic Committee—F. D. Lair
Second Vice President and chairman of Production Committee—Art Swacker
Third Vice President and Chairman of Industry Committee—C. L. Malone
Fourth Vice President and Chairman of Transportation Committee—B. V. Forrester
Fifth Vice-President and Chairman of Commerce Committee—Z. E. McAnus
Treasurer—C. D. Matthews III.
A smoker will be held the evening of March 22 to confirm or reject the above slate, due notice of which will be given.

Willing Workers to Have Pictures Taken Sunday

Sunday, March 11, is to be a busy day for members of the Willing Worker's Young Peoples Class at the Church of the Nazarene. The picture of the class is to be taken and 100 single young people are expected to be present for this event.

The class was organized last October and at the present time has an enrollment of over seventy members, and has an average attendance of seventy-five every Sunday morning. The teacher, Rev. C. F. Transue, is leading the class on to future victory.

This class is playing an important part in the building program, having pledged over \$100 toward the new building.

All young single people are cordially invited to attend this class—especially this coming Sunday morning session and be in the picture.

Legion Day at Moberly State-Wide Meeting for National Commander

Legionnaires of Moberly are putting the finishing touches on plans for entertaining National Commander Hayes at a State-wide Legion Day there Sunday, March 11th. P. L. Shackelford, distinguished soldier and Legionnaire, is in charge of local arrangements.

National Commander Hayes, accompanied by Mrs. Hayes and by State Commander J. Grant Frye of Cape Girardeau, will fly from Springfield early Sunday morning and will arrive at the landing field in Moberly about 10 a. m.

A parade from the landing field to the Junior College Auditorium will be the first main feature. Many Legion bands and drum corps are making preparations to attend. The St. Louis Auxiliary Choral Club will be in attendance and will have a prominent place on the program. The Sanford Brown Choral Club of Kansas City is expected. From present indications, more than 2000 Legionnaires from all points in Missouri will be in attendance. Large delegations are being planned for Kansas City and St. Louis.

The program will begin at 10 a. m. at the Junior College Auditorium and with an hour off for the noon day banquet, will end about 3 p. m.

The main feature of the program will be the National Commander's address. Some of the outstanding leaders in Legion affairs in this part of the country will be in attendance. Among them will be Harry Colmery of Topeka, Kansas, and E. W. Caruth, National Vice-Commander of the Legion. Among those that have been invited are United States Senator Bennett C. Clark and Mayor Bernard F. Dickman of St. Louis. There will be no business transacted, but it will be simply a day of entertainment and inspiration. It has become an annual affair in Missouri to have an All-State Legion Day once a year at some central Missouri point on the occasion of the visit of the National Commander.

GLORIA'S CAFE RESTOCK-ED AS DELICATESSEN

The announcement is made elsewhere in this issue of the opening of a delicatessen and luncheonette by Bob Joyner in the room occupied by the Gloria's Cafe. The new establishment will have hot lunches as well as delicatessen service. They will also handle a complete line of Whiskies, Brandies, Wines, Cordials and Gin. These items will be priced from \$1 per pint up.

This will be the first licensed liquor dealer within the city limits of Sikeston.

ART CLARK IN CHARGE OF MECHANICAL DEPARTMENT OF SIKESTON MOTOR CO.

The Sikeston Motor Company, under the management of J. L. Priester, and which was opened here last week in the building on West Front Street, formerly occupied by Taylor Auto Company, is ready to render any kind of auto service desired. Art Clark has been placed in charge of the mechanical department and will be on the job Friday morning, ready to meet every mechanical need in his usual efficient manner.

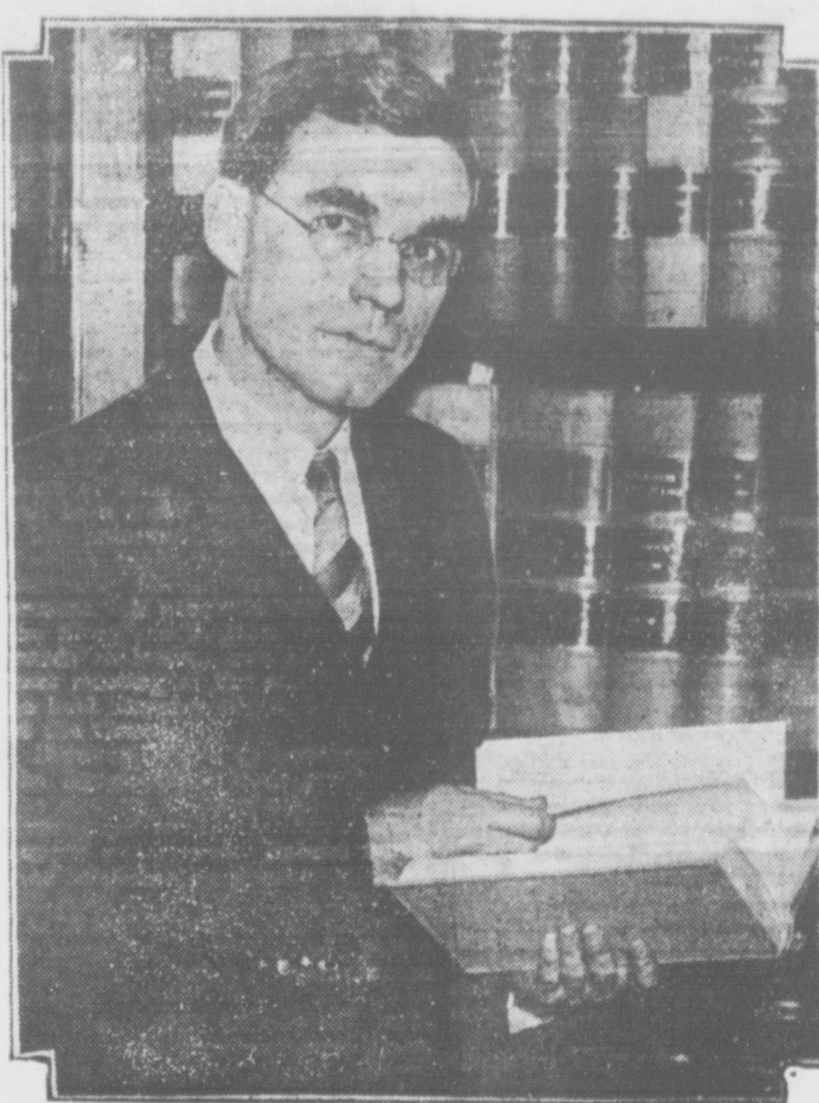

This company is also a dealer for Dodge and Plymouth automobiles as announced in an advertisement elsewhere in this paper. Visit this new establishment and you will receive a hearty welcome.

OLD GOLD WANTED

Will buy old FIFES, dental work, anything that is gold. U. S. license, call 88 for appointment.—F. H. Cole, 625 Prosperity St. 2t-46pd.

Yam Sims was present at a lecture at Wild Onion the other night, and was very interested. He says that even a fool can tell a smart man something.—Commercial Appeal.

Jeff Potlocks and family has been sitting around the fireplace during the cold weather, and on right cold days was standing room only.—Commercial Appeal.

HARRY C. BLANTON
Now United States District Attorney

Great Crowds Throng to Methodist Revival

Great crowds have thronged to the local Methodist Church this week to hear the wonderful messages being brought achieving by that outstanding evangelist from the south, Dr. Bert Culpepper from Memphis, Tenn., often called the "walking evangelist". Due to inclement weather the meeting has been delayed a little and only some 20 or 21 additions have been made to the church, but it is expected that the number will have grown to at least seventy-five or a hundred by the close of the meeting, which will probably be sometime next week.

Following is an excerpt from one of Dr. Culpepper's great messages and taken from the universally known parable of the Good Samaritan: "And He said, 'which of these three thinketh thou was neighbor to him that fell among the thieves?' And he answered, 'he that showed mercy'. And Jesus said unto him, 'go and do thou likewise'."

In our world today there are three classes of people—the robbers, the robbed and the rescuers. The robber class can be divided into two kinds—moral and commercial. The inequalities of life is one of the greatest problems confronting the church today. Little children need to be in school instead of on the streets selling papers. Boys and girls who need to be in school are in the breadline of life fighting for existence—they've been robbed; they're getting an unequal break in life. Any parent who fails to teach his children the beauty of the Sabbath day and its services is robbing his boys and girls. How many do you know? Are you robbing somebody? Commercial robbers and the sweat shops of our life—what a horrible thing to employ children in factories where they do not have even a decent wage. The girls who should be learning the finer things of life. Commerce today is robbing these boys and girls. Anybody who does anything to lower the moral standing of life is a moral robber. There are a lot of folks who live under the rule of "getting, grab and hold". They're moral and commercial robbers.

Jerusalem is a cross section of the highway of life. It was dangerous to make a trip in those days—robbers lurked at the spot. People were careless who didn't go prepared. When that priest saw the man who had fallen among the thieves, he went by on the other side. The priest had been at Jerusalem telling the people how to live, but when the opportunity came to put into practice his teachings, he didn't measure up. He felt sorry for the man, but felt no responsibility in the matter. So many people today have wealth, but haven't time to bother with their less fortunate brothers—going by on the other side of life.

The Levi took care of the music in the temple or synagogue—saw that all the rituals of the church functioned properly—always said "Amen". He went over to the man and looked at him—decided it was a horrible thing—something should be done about it—at the next convention he would make a resolution that something be done about these robbers.

While on the other hand, the Samaritan came along, saw him and also knew something should be done—but he expressed his sympathy in action, not in words alone, and stopped his mule and examined the man. He laid aside all prejudice, his national prejudice, his social prejudice. He did something else—he laid aside his own personal safety. The robbers might have been near and waiting to jump on him and kill him—he didn't know. The Levi and the priest had twice as many hands as the Samaritan, but they didn't do half as much. They had twice as many eyes as the Samaritan, but they didn't see half as far. Do you belong in the Levi class the priest class? or the Good Samaritan class? God is looking today for men and women who will show the Good Samaritan spirit.

SON FOR NEW U. S. DISTRICT ATTORNEY

Two honors came to Harry C. Blanton of Sikeston Monday. He was sworn in as United States district attorney and became the father of a son. The baby was born at St. Francis Hospital at 9:25 o'clock Monday night, about 12 hours after Mr. Blanton became district attorney. The baby, who weighed 8 pounds, 3 ounces, is the seventh child in the family. The others are Rosemary, 14; Patricia, 12; Maureen, 10; John, 7; Anne, 5; Joe, 3.

Before her marriage Mrs. Blanton was Miss Maureen Daily of Bay City, Mich. Mr. Blanton was expected here late this afternoon from St. Louis.—Cape Missourian.

BOYS ELIMINATED AT DISTRICT TOURNEY

The Sikeston boys' basketball team closed the season last night in the district tourney, when they lost a hard fought game to the tourney favorites, Fruitland, in their first encounter. At the end of the regular game period the two teams were tied with 16 points each. In an extra period to play the tie off, the Fruitland lads counted 6 points while the Bulldogs only registered two points.

As has been the case in each game that the Bulldogs have played on the Houck Field House court this season, the locals were unable to hit the basket with any results. Unnumbered times the Bulldogs' shots rolled around the rim of the basket and dropped out. As the district tourney is a single elimination affair the local lads are home to stay.

LABORER AT HAYTI IS KILLED BY TRAILS

Hyti, March 5.—M. M. Payton, 45 years old, killed Saturday night by a Frisco freight train, was sitting on rail ties at the time, Frisco officials said. He is survived by his widow and one child. Payton was a laborer.

Vanduser and Doniphan Victors in 1st of Tourney

In the first two games of the Girls' Invitation Tournament played Thursday afternoon at the gym, the Sikeston girls lost 59 to 34, in a one-sided battle to the Vanduser sextet, winners of the Scott-Mississippi County Tourney.

In the second game, Senath lost a hard fought game to the Doniphan girls, losing 29 to 23. Virgie Robinett of Doniphan and Story of Senath were removed from the game on foul.

Box score, Sikeston and Vanduser game:
Sikeston (34): Davis, 20; Sellards, 8; Heath, 6.
Vanduser (59): Woodward, 35; Hamby, 24; Phegley, 0.

Moore, c; Langford, c; Tanner, g; Caverno, g; Senath (23): Hemingway, 2; C. Caner, 5; Williams, 16; French, 0; Douglass, c; Baughn, c; Greer, c; Story, g; G. Caner, g.
Doniphan (29): V. Robinett, 25; Dean, 4; Ray, c; Gibson, c; Cook, c; V. Robinett, c; Ponder, c; Hope, c.

Negro Truck Driver Injured as Truck Left Road

Willie Bohand, negro truck driver, was injured Tuesday morning when he evidently fell asleep while driving a large trailer truck owned by Milem Limbaugh. The accident occurred about three miles north of Bernie.

The truck was loaded with about 12,000 pounds of roofing material. Bohand fell asleep and the truck gradually left the road and went down a bank into a shallow ditch. Bohand awakened and turned his wheels suddenly in an attempt to get the machine back on the road. In the loose earth the truck skidded and the trailer struck the embankment and turned over pulling the truck with it. Bohand was injured, but not seriously.

Ten Negroes Arrested by Constable Jewell

Over a period of three days, Constable Brown Jewell arrested ten negro law violators. Seven of the negroes were charged with stealing corn, two with theft, and one with carrying a deadly weapon.

Ruben Cox, colored, of Sikeston, was arrested Saturday on a charge of stealing \$28 worth of corn from the barn at the rear of the John A. Matthews home. He had hauled the corn away, a wheelbarrow full at a time and had taken it to the mill, where he sold it. He was taken before Judge Smith and pleaded guilty and was bound over to Circuit Court.

Clarence Hunter, James Hankston, Walter Powers, Fred Charles and Willie Chatman were arrested Saturday, and Emory Sawyer was arrested Tuesday, all on a charge of stealing 800 bushels of corn from a building on the Ed Fuchs farm, about five miles southeast of Sikeston. The five colored boys were charged with transporting stolen property in Scott County and were lodged in jail at Benton. Sawyer was arrested in New Madrid County and lodged in the County jail. He will be charged with the theft of corn.

Constable Jewell arrested Joe Brown and Johnny Doe, both colored, Monday, west of Salcedo and turned them over to New Madrid County officers, where they were wanted for the theft of a tire and wheel from an auto at Matthews. They were lodged in the New Madrid County jail to await a hearing on the charges of larceny and tampering with an auto.

James Russell, colored, of New Madrid, was arrested here Tuesday by Constable Jewell on a charge of carrying a pistol. He was removed to the jail at Benton.

Remodeling Chevrolet Garage
Workmen are busy in the Mitchell-Sharp Chevrolet Building with remodeling the inside of the structure. About 35 feet of the front office space is being added to the mechanical department. The old division wall has been torn out and a new one built.

A door to the mechanical department will be built to open on to the alley to the east of the building so as to allow cars to drive out of the building without backing through the street door. The new arrangement will be much more convenient for both departments.

Dope Addict Sent to Jail

Cleat Lasswell was arrested by Constable Jewell and committed to the County jail for six months. Lasswell, a dope addict, had previously appeared before Judge Smith on charges of petty larceny and been sentenced to six months in jail or one year outside the county. He chose the latter but appeared here again, thus violating his parole and was taken to jail.

ART KASSEL
Leader of
ART KASSEL'S IN THE AIR ORCHESTRA

The Sikeston Lions Club, Henry Meldrum Post 114 of the American Legion and the Sikeston Chamber of Commerce have secured the services of one of radio's most famous dance bands, Art Kassel and his Kassels in the Air orchestra, for their Wednesday, March 14, dance.

The three organizations secured permission from the School Board to use the high school gymnasium for this event, as it was necessary that ample room to accommodate over 50 dance couples be secured. The gymnasium has dance floor space of 6000 square feet, which, allowing nine square feet per couple, will give room to accommodate 666 couples with ease. The funds raised from this dance will be applied in their airport east of Sikeston.

The services of Art Kassel and his Kassels in the Air orchestra, who have been a feature on the WGN and WLW stations for the past two years and booked through the management of the Music Corporation of America, assisted by Miss Kay Toland, will be the musical event of the Spring season. In order that there be no misunderstanding in reference to the admission, it was explained in detail that \$2.00 per couple was the maximum charge for those who dance, while fifty cents will be charged for those who desire only to look on. The balcony has been reserved for spectators and they have room to accommodate over 200 who desire to watch the dancing and listen to the music.

It is expected that Southeast Missourians will greet their Northeastern Arkansas friends and Southern Illinois friends at this memorable occasion.

ICE BOX THIEF AT HARNES HOME FRIDAY

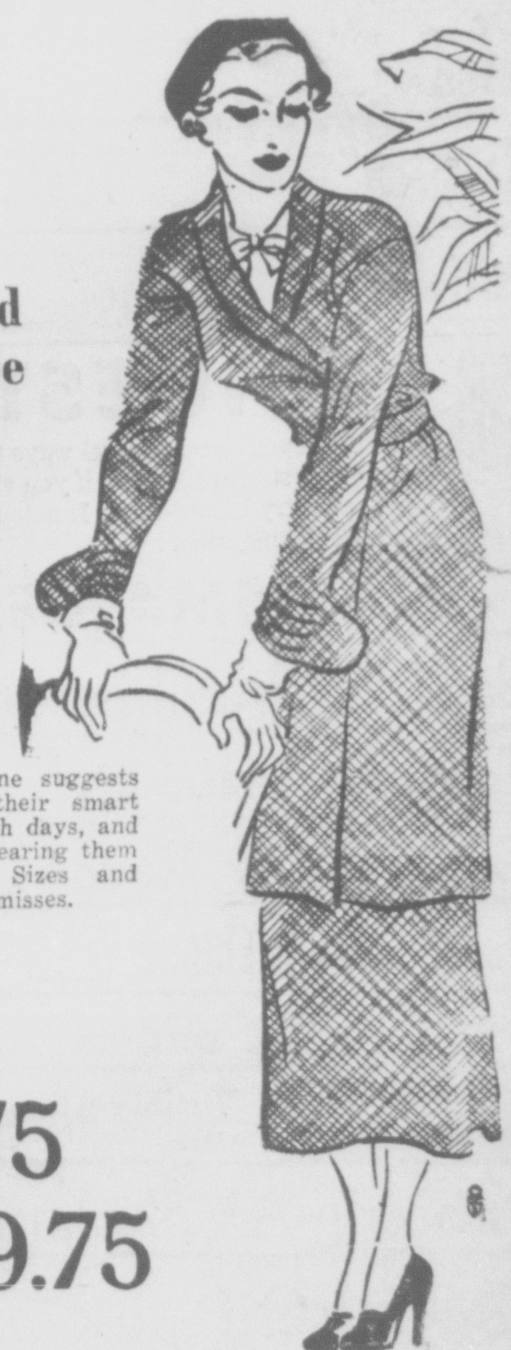

A thief robbed the refrigerator on the rear porch of the Dal Harnes home at 300 Kathleen Street, Friday night. The robbery occurred while no one was at home. The thief took eggs, lemons, butter and sandwich spread from the box and did not bother milk and other items which were in the box.

From this fact it is gathered that there was only one person who did the robbing. The following night chickens were stolen from another residence nearby.

An editor in a Midwest town gave local business men and other readers a simple little lesson in the value of a newspaper. They had been saying that all advertisers needed was circulation, regardless of medium. The editor slyly got out his paper with nothing in it but advertising on the front, back and in-between pages. Three issues were enough to convince the townspeople, including the advertisers, that a newspaper was preferable to a dodger. The ads were worth little without the daily quota of news, editorials and features which make up a newspaper.—Press Spectator.

Cigarette manufacturers who spend thousands and thousands of dollars in the daily papers and never a cent with the weeklies figure the weeklies are entirely worthless for their purpose. Yet when the "Big Bad Wolf", "Tax", takes out after them they rush to the country crying "wolf, wolf". And we hope it gets them. These fellows right now need some of the "steady nerves" they advertise their merchandise will bring if

used. Of course they do not smoke their own product and have not the personal knowledge. The "nerve" they have in mind, is the nerve women must have to use them. Now these same concerns of "unadorned beauty fame" are sending out plates to the country under the impression all weekly newspapers are "simps", and we assumed to say, that once in a while, one is so simple as to run this, asking his farmer readers to write to their congressmen and senators to keep the "Big Bad Wolf" off of them. The joke of it is, the concerns do not even offer their dupes, one of their coffin nails to run the propaganda, and have too much respect for the dailies to even send it to them.—LaPlata Home-Press.

The trouble with most of us is lack of faith in what cannot be seen. We travel along in the old rut which seems to stretch out indefinitely, and just because we cannot see the end of it (which nobody can see, it happens) we assume that the end is not there. Then perhaps we listen awhile to the soapbox orator on the street corner, conclude that everything is out of joint, and lose the road entirely. As a matter of sober, practical fact, life is full of agreeable surprises. The rut which seems to lead nowhere has ways of broadening out suddenly and most unexpectedly. Of course, the plums of life are not always passed around with absolute impartiality, but in the longrun it is the man who stands by the ship who is invited to walk the quarterdeck.—Selected.

Landlady: "A professor formerly occupied this room, sir. He invented an explosive!"
New Roomer: "Ah! I suppose these spots on the ceiling are the explosive!"
Landlady: "No, they're the professor!"

GOVERNMENT BY SMOOT

For many years, Reed Smoot, ranking Apostle of the Mormon Church, sat in the United States Senate exuding piety and holiness. Behind the scenes, this sanctimonious personage was one of the most grasping and scheming politicians that ever lived.

A fine story it was that came out of Washington Wednesday. Smoot's son, Ernest, while drawing \$3325 a year as a Government employee, was retained by Western Air Express as a lobbyist. And his task was to induce the Government to continue payments on an air mail contract, questioned by the Comptroller-General because the contract had not been let to the low bidder.

When the Comptroller-General decided to let the payments continue, Ernest sent his bill for \$11,000. Western Air Express did not think he was worth that much, and paid him \$2400. Also, while on the payroll of the Government, Smoot represented other 'clients'. Altogether, in 1929, young Smoot received more than \$19,730 compensation from private individuals and companies for work whose nature he did not make clear. Pretty good for a \$3321-a-year clerk.

Such highly improper activity surprises no one who has followed the career of the elder Smoot. That gentleman tirelessly used his official position to advance his own interests. We quote from the Pearson-Allen book, "More More-Gu-Round", published while Smoot was still a member of the Senate:

In Washington, he (Smoot) owns choice property sites and is chairman of the Public Buildings Commission, which supervised the laying out of the \$71,000,000 District of Columbia building program. As a member of the Senate Public Buildings and Grounds Committee, he is in position to work quietly for enhancement of his land values. He is chairman of the dominating Finance Committee, where he labors ceaselessly for high tariffs for his woolen and sugar mills, and for low income taxes for himself and the Mormon Church. Over a period of many years, he has built up a dynasty of officeholders in the capital so extensive that it rivals that of the President.

Small wonder that Ernest, watching Apostle Reed's marvelous way of causing the Government to work for his personal interests, should follow his example.—Post-Dispatch.

Soundings to ascertain the depth of water on entering or leaving a port are taken by the hand lead, which weighs from 7 to 14 pounds and is attached to a line 2 to 30 fathoms in length. The lead line is marked as follows: At 2 fathoms from the lead with two strips of leather, at three fathoms with three strips of leather, at five fathoms with a white rag, at seven fathoms with a red rag, at ten fathoms with a leather having a hole in it, etc. A fathom is six feet.

WHALES

A recent article stated a large ocean liner collided with a whale causing quite a shock. There are written stories of the old whaling vessel "Essex", which collided with a whale and with disastrous results. The bow of the Essex was shattered and she sank. The whale was later captured by another vessel and had parts of timber of the bow of the Essex imbedded in his flesh.

Whales of the Northern Arctic region reach tremendous size. One report estimated a whale captured by the Akutan Alaska Whaling Station weighed 100 tons. The average tonnage of the old whaling vessels was from 300 to 350 tons. While maneuvering with the fleet off the coast of Southern California, the battleship California ran into a whale which became lodged across the bow. It was necessary to stop the 32,000 ton Battle Force Flagship and back the ship to dislodge the whale.

A negro baby girl was born in an automobile at the ambulance entrance of a hospital at St. Charles one Friday morning recently. A few minutes before 11 o'clock a negro rushed into the hospital and related the condition of his wife. He had his car parked in front of the building and was told to drive it around to the ambulance entrance. An interne was called and the baby was born before the mother could be taken from the machine. The husband said he was taking his wife to the maternity hospital in St. Louis from his home in New Florence. Without getting out of the machine the mother was treated and said, "We just as well go home now". The sixty mile drive back to New Florence was then started.—La Plata Home-Press.

NOTICE OF CITY ELECTION
Notice is hereby given that the regular City Election will be held in the City of Sikeston, Missouri, on Tuesday, April 3rd, 1934.
The polling places for said City Election in each of the Wards of said City will be as follows:
Ward No. 1: At the City Hall.

SHERIFF'S NOTICE OF SALE UNDER SPECIAL EXECUTION
NO 4912
NOTICE IS HEREBY GIVEN, That under and by virtue of a Special Execution issued from the Office of the Clerk of the Circuit Court of Scott County, Missouri, dated the 17th day of February, 1934, and to me, the undersigned Sheriff of Scott County, Missouri, directed in favor of The Lair Furniture Company, a corporation, and against Mable Atkinson, founded upon a judgment entered in the Circuit Court of Scott County, Missouri, upon a note and by attachment and entered of record in said Circuit Court on the 22nd day of November, 1933, for the sum of One Hundred Twenty-five & 66-100 Dollars (\$125.66), together with interest and costs, and in which said judgment the attachment was ordered sustained and said judgment was declared to be a special lien upon the hereinafter described real estate in Scott County, Missouri, to-wit:

Lots Seven (7) and Eight (8), Block Twelve (12), in Diehlstadt, Missouri, and being the property deeded to Mable Atkinson by deed filed April 17th, 1928 and recorded in Book 100 at page 103 of the Deed Records of Scott County, Missouri, Mrs. Lydie J. Williams being grantor therein.
NOW, THEREFORE, in obedience to the order and decree of said Court that the Attachment be sustained and the above property sold to satisfy said judgment and costs, notice is hereby given that I will on
MONDAY, THE 12TH DAY OF MARCH, A. D., 1934,
at the East Front Door of the Court House in the Town of Benton, Scott County, Missouri, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of that day, and during the session of said Circuit Court, under judgment and decree of November 22nd, 1933, to satisfy said judgment and costs sell to the highest bidder for cash in hand all of the right, title and interest of the said Defendant, Mable Atkinson in and to the hereinabove described real estate, or so much thereof as may be necessary to satisfy said judgment and costs.
Given under my hand this 17th day of February, A.D., 1934.

Phillips 66 is

HIGH TEST

Gravity 63.5° to 68°

DON'T FORGET
PHILLIPS 66 MOTOR OIL
ABSOLUTELY OUR FINEST QUALITY
25¢ A QUART

Your motor needs high test gasoline for quick starting in freezing weather. You know that.

You also know that Phillips is the world's largest producer of natural high test gasoline.

Is it any wonder then, that in every ad we tell you exactly how high the test of Phillips 66 is! Not with high-sounding, meaningless claims. But with plain figures... which are definite proof of honest high test... which guarantee more value for the money... which insure real action for every cent you spend to fill the tank.

Phill-up with Phillips and feel the difference. Your motor starts with

split-second speed. Soon it purrs along as smoothly as on a rainy night in June. You use less choke and go more miles to the gallon. You get less vibration and more power, less noise and more speed.

These high test benefits of Phillips 66 are always preserved and protected by CONTROLLED VOLATILITY. Whether the mercury is down at zero or up in the nineties, every gallon of this greater gasoline is scientifically matched to your weather. Thus despite variations in temperature, you get consistently high performance from your motor. Stop for a trial tankful at any Orange and Black 66 shield.

Other Church News
The Arbutus Class held its regular monthly meeting Monday night at the home of Mrs. J. N. Hitchcock, with Mrs. Glenn Fish and Mrs. Anna Jones assistant hostesses. Twenty were present. The regular business of the class was transacted, followed by a social hour. The hostesses for the April meeting will be Mesdames Ben Morrison and Flora Royal.

The T. E. L. Class met Tuesday night at the church, with 18 members and two visitors present. A pot luck supper was served, followed by a business meeting. The class pledged \$1.00 monthly for one year to the Baptist Hundred Thousand Club. This was also 25-cent night. The sum of \$5.00 was realized, with like amount recently given by Arbutus Class, will go to pay balance due on church runners. It was decided to have a "tacky" party at the April meeting, which will be held at the home of Mrs.

The following classes will meet next Monday night: Dorcas class, Misses Glenda and Lelia Stacy; Fidelis class, Mrs. Louise Smith,

Dean Marshall, with Mrs. Boyd Scillian assistant hostess.

The Y. W. A. held its meeting Tuesday night at the home of Miss Virginia Martin, with twelve present. At the business session a contribution to the Week of Prayer was given. A program on World Wide Missions was given, with Miss Vernetta Smith leader. The next meeting will be held on Tuesday night, March 20, at the home of Miss Montas Lee. This will be a social meeting.

The Intermediate G. A. met on Tuesday night with Miss Helen Johnson. Eleven members were present. A program on "Telling the Story", with Miss Muriel Edwards as leader, was given. The next meeting of the auxiliary will be held Tuesday night, March 20, at the church.

Between 35 and 40 members of the Agoga Class were present at the meeting Tuesday night, held in their class room. A "hot dog" supper was served. Special music was furnished by musicians from Blodgett, who were: Paul, Earl and Joe Blackwell and Glenn Clippard. This class is composed of young men and Jack Johnson is the teacher.

The following classes will meet next Monday night: Dorcas class, Misses Glenda and Lelia Stacy; Fidelis class, Mrs. Louise Smith,

with Mrs. Mae Smith, assistant hostess.

18 ATTEND MEETING OF Y. W. M. S. TUESDAY

Eighteen young women were present at a meeting of the Young Women's Missionary Society of the Methodist church held in the basement at 6 o'clock Tuesday evening, March 6, the young ladies being guests of the Ebert-Kready Missionary Society, who gave the girls a supper following, which they presented a delightful program. This meeting was held immediately preceding the evening preaching services.

This band of young women which has been only recently organized, has the following officers: President—Miss Edna Pinnell Vice-President—Miss Kathryn Clark

Secretary—Miss Marie Marshall Treasurer—Mrs. Ethel Francis Mission Study Leader—Miss Virginia Mount

Regular meetings will be held every first and third Tuesdays, the first meeting of the month to be a business meeting at the church and the second meeting a social meeting. The coming social meeting will be with Miss Kathryn Clark on March 20, which will be a St. Patrick's party.

W. B. A. TO MEET NEXT MONDAY NIGHT

The Woman's Benefit Association met Monday evening for regular business. Mrs. Gussie Cole, president, presiding.

A Pageant Club was organized with twenty members. Old members of the W. B. A. are eligible to join this club. All members who will enjoy a trip to the Great Pageant to be given at Cleveland, Ohio, in 1935, can win this trip free. For information see Deputy Rebecca Pierce.

Mr. May A. C. Sommers, Supreme Field Director, of St. Louis, and Miss Dorothy K. Hunt, Supervisor of Girls' Activities of Chicago, will be here in early April. This meeting will be an inspirational meeting for the event to be held in Cleveland, 1935. All members should attend this meeting.

The next regular meeting of the W. B. A. will be held next Monday evening, March 12, at 7:15 o'clock.

CO-WORKERS

The Co-Workers of the local Methodist church met Tuesday afternoon with Mrs. Roy V. Ellise. The regular business of the Society was transacted, followed by a social hour. The next meeting will be held Tuesday afternoon, March 20, at the home of Mrs. Kate Greer.

WESTWAY CLUB

The Westway Club of the Woman's Benefit Association was entertained Tuesday evening by Mrs.

Roy Wagner. Eight members and three visitors were present. The evening was spent in playing radio. The following winning: Mrs. David Lumsden, first; Mrs. Lyman Gross, second and Mrs. Lester Rister, third. The next meeting place to be announced later.

INCREASED SCALE OF TIRE PRICES VERY PROBABLE

Local Goodyear Dealer Says Cost of Raw Materials Responsible

The complexities of the international monetary situation and the reduction of the gold content in the American dollar, may not be quite clear to most motorists, but all of them appreciate the increase of the mileage content in their tires, according to Sensenbaugh's, local Goodyear dealers.

"The new 1934 Goodyear passenger car and truck tires", says Mr. Sensenbaugh, "contain more miles, more safety and more endurance; and the prices are still lower, despite increases in factory payrolls and advancing prices of raw materials."

"There is no cause to worry about the decrease of gold in the dollar so long as the dollars will still buy tires with a higher mileage content."

"All indications point to an increased scale of tire prices. Purchases of new tires today represent a very definite and concrete economy, as it is almost certain that the coming spring or summer will see retail tire prices at much higher levels."

"Rubber and cotton are being quoted at the highest prices for several years and as these are the principal raw materials of which tires are made, there is bound to be a reflection in tire prices—upward", Mr. Sensenbaugh says.

MISSIONARY DIES IN BATTLE WITH LARGE PYTHON

Bogota, Columbia, March 6.—The death of a missionary in a battle with a python was told today in dispatches from the village of Sincelejo, Department of Bolivia.

The missionary, a Seventh Day Adventist whose name was not contained in the first meager accounts, was just outside the vil-

lage when the python caught him in its coils.
A brush fire was burning at the scene. The struggling man and his reptile captor rolled into the flames. Both were burned to death while they fought.

FITZSIMMONS ENTERS SUPREME COURT RACE

Jefferson City, March 5.—John T. Fitzsimmons of St. Louis, a commissioner of the Missouri Supreme Court, has filed his formal declaration as a candidate for the Democratic nomination for Division No. 1 in the August primaries. He is the first candidate from either party to formally enter the August primary races for the two places to be filled on the Supreme Court bench.

MACDONALD SAYS ENGLAND WON'T CEDE ANY TERRITORY

London, March 6.—Prime Minister Ramsay MacDonald told the House of Commons today that under no circumstances would Great Britain consider turning over the British West Indies or any other territory to the United States in payment of war debts. His declaration was greeted with loud cheers throughout the House.

The suggestion of this method of paying the debts has been heard many times and today P. W. Donner, Conservative, asked the Prime

Minister to make a definite statement "in view of apprehension in Bermuda, the West Indies, and Solomon Islands". MacDonald replied it was "self evident that under no circumstances could there be any question of such an arrangement".

Washington Hocks says his wife is so fussy about making a bed that only an expert bass drum maker could stretch and tuck in the sheets as tight as she does.—Commercial Appeal.

The Tickville Judge is a firm believer in the old saying about a sucker being born every minute but bankers for some vital statistics about liars.—Commercial Appeal.

Twilight Zone

Lighting An Unseen Item
In Store Expense

When the most careful analysis of merchandising practice fails to explain why selling costs are too high for satisfactory profit... it's time to ask, "How about the lighting?" The twilight zone is a subtle enemy of business. Often it deceives managers into believing it is adequate, while it dims the attractiveness of displays and counters... robs clerks of alertness and efficiency.

The most successful store owners today know what the Twilight Zone costs... and how to avoid it. Let a representative from your own Electric Light Plant help you plan an effective lighting system.

ANNOUNCEMENTS

We are authorized to announce Dr. Z. Lee Stokely, of Poplar Bluff,

as a candidate for Congress from this district, subject to the will of the Democratic voters at the August primary election.

We are authorized to announce Dr. G. W. Presnell as a candidate for Mayor for the City of Sikeston, subject to the will of the voters, at the April election.

We are authorized to announce N. E. Fuchs as a candidate for re-election as Mayor of the City of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce W. H. Carter as a candidate for Police Judge of the City of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce Jos. W. Myers as a candidate for re-election for Police Judge of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce Robert A. Dempster as a candidate for City Attorney of the City of

Sikeston, subject to the voters at the April election.

We are authorized to announce Ira Shuffitt as a candidate for Police Chief of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce D. L. McElroy as a candidate for City Collector, subject to the will of the voters at the April election.

We are authorized to announce Ed "Pete" Kendall as a candidate for Collector of the City of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce Elmos Taylor as a candidate for re-election as Collector of the City of Sikeston, subject to the will of the voters at the April election.

We are authorized to announce Lynn Waggener as a candidate for re-election as Alderman from the First Ward to the City Council, subject to the will of the voters at the April election.

The Standard editor and wife are very proud of a new grandson born to Mr. and Mrs. Harry Blanton Monday evening at St. Francis Hospital, Cape Girardeau. Mother and son doing nicely.

Engagement announcements are out for Miss Ruth Graichen, of Lawrence, Mass., and Mr. Lyman Barron Fox, of Boston, Mass. The happy event is to take place in the early summer when the flowers are in bloom, the birds singing, and all nature smiling. The Standard is not acquainted with the bride-to-be, but knowing Lyman, we are certain she is beautiful, accomplished, and has all the attributes that go to make a life long companion. Friends of Lyman in Sikeston join in wishing the couple long life and much happiness.

Patrol Sergeant Reed and Art Sensenbaugh were at Jefferson Barracks Wednesday transacting some business. While there they visited with Captain Wheatley,

formerly stationed at Sikeston, who asked to be remembered to friends. Since being transferred from Sikeston to Jefferson Barracks Captain Wheatley informed the boys his duties had never permitted him to get farther than St. Louis once or twice a month.

Sometimes it takes a mighty few lines in the editorial columns to set some people to fever heat. We do not always print names but generally know what we are talking about. It is seldom that we are mistaken, but if we find we are, then we shall try to make amends, if not, that's that.

Robert Dempster is home from Columbia for a few days, and, as he is a candidate for City Attorney, will try and see as many voters as possible. He is a very fine chap, we think.

Governor Park has paroled Clarence Stosberg, under 20-year sentence for criminally assaulting a 15-year-old girl. If the girl has a father or brother, with any guts, they'll settle quietly with Stosberg and do it promptly.

METHODIST CHURCH

9:30 a. m.—Sunday school. Superintendent, Ralph Anderson. At 10 o'clock Dr. Culpepper will speak to the entire Sunday school. At 10:30 o'clock he will again address the Men's Bible Class.

11:00 a. m. Preaching Services. Sermon by Rev. Bert Culpepper of Memphis, Tenn.

Subject: "Jesus".

6:45 p. m.—Epworth Leagues.

7:30 p. m.—Evening Worship—Sermon by Rev. Culpepper.

On Saturday night Dr. Culpepper will speak to the boys and girls of the town, and will also operate on one of the boys, take out his heart and see what is in it. Every boy and girl of the town is invited to attend.

E. H. Orear, Pastor

WOMAN'S CLUB

The Woman's Club of Sikeston will hold their next meeting at the home of Mrs. C. D. Matthews, Jr., Tuesday afternoon, March 13. The Apollo Group of Sikeston will have charge of the program.

HOW ONE MAN
LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man".

To lose fat safely and quickly take one-half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85c bottle lasts 4 weeks—Get it at Galloway's Drug Store, White's Drug Store or any drug store in America.

If not joyfully satisfied after the first bottle—money back. -3

Personal News of Sikeston

By Mrs. C. M. Harris, Phone 581

Harry Jones and family moved Monday into the Harry Dover property recently vacated by John Sellards and family.

Attend the girls' tournament. G. H. McCary and D. L. Bloomfield and families are now living in the John Russell property on Stoddard Street, having moved the first of the week.

Attend the girls' tournament. Mrs. H. E. Reuberg and Mrs. Billie Keith entertained at six tables of bridge last Saturday afternoon at the home of Mrs. Reuberg.

Mrs. Harvey S. Johnson and Mrs. Randol Wilson spent Wednesday afternoon in Cape Girardeau.

You can now get that delicious Goldeneg Bread made from fresh eggs and creamery butter at your grocers and at Welter Bake Shop. L. F. Hatfield and Bill Vaughn will go to St. Louis this week-end. Mr. Hatfield will remain there for next week and Mr. Vaughn will return, being in Mr. Hatfield's territory while he is in the city. Mr. Vaughn's home is in St. Louis and spent this week here, going with Mr. Hatfield to get acquainted with the territory.

The regular preaching services will be held Sunday morning at the First Christian Church by the pastor, Rev. R. M. Talbert of Cape Girardeau. Fer Mar Beauty Shop, phone 233, permanents \$1.95 to \$3.50. The regular meeting of the W. C. T. U. will be held next Wednesday afternoon, March 14, at the home of Mrs. J. A. O'Hara, East Centre Street. Mrs. E. J. Malone, Sr., will be the program leader. The Russell-Bradley Missionary

Society of the local Methodist Church will hold its regular monthly meeting next Tuesday night, March 13, at the home of Mrs. E. J. Malone. Miss Lillian Putnam, assistant hostess.

Fer Mar Beauty Shop, phone 233, permanents \$1.95 to \$3.50. The Eastern Star Chapter met for a short session, last night (Thursday). The social meeting was postponed on account of the revival being held at the Methodist Church.

Fer Mar Beauty Shop, phone 233, permanents \$1.95 to \$3.50. The following went to Dexter Wednesday night, where they attended the revival meeting there conducted by Rev. J. R. Hutchinson, pastor of the Dexter Christian Church: Rev. R. M. Talbert, Cape Girardeau; Mr. and Mrs. Fred Kirby, Mr. and Mrs. J. A. Sutterfield, Mr. and Mrs. Ray Duncan, Mr. and Mrs. Bill Swinney, Mr. and Mrs. Hugh Stewart and little daughter, Janet Sue, Mr. and Mrs. Winfred Stevenson, Mrs. O. E. Latham, Mrs. Ben Carroll, Mrs. Roger A. Bailey, Mrs. G. R. Harper and Mrs. S. E. Reed. Rev. Hutchinson is being assisted in the meeting by Mr. and Mrs. Har-

rell Baird.

Fer Mar Beauty Shop, phone 233, permanents \$1.95 to \$3.50. Dr. Bert Culpepper and Rev. and Mrs. E. H. Orear were dinner guests of Mr. and Mrs. T. B. Allen, Monday evening.

Mr. and Mrs. Ralph Anderson entertained Dr. Bert Culpepper and Rev. and Mrs. E. H. Orear at dinner Thursday evening.

John L. Tanner was treated to a surprise birthday dinner Tuesday of this week to which a few friends were invited. The occasion being in honor of Mr. Tanner's 75th anniversary.

Mesdames C. L. Blanton, Sr., John Sikes and C. L. Blanton, Jr., and Patricia Blanton visited Cape Girardeau Tuesday afternoon.

Dr. and Mrs. J. H. Keady returned home from Illinois Tuesday afternoon. Dr. and Mrs. Keady were called to Illinois on account of the death of a relative.

Raz Barlow remembers way back when everything was so dry and parched on the surface that wine, beer, liquor glasses and hip flasks were "imprudently" advertised as "beverage containers."—Commercial Appeal.

Factories and Farms and Electric Power

As the electric power lines spread over the countryside, a new trial is blazed for the factory. Manufacture moves outward from the congested centers toward the smaller communities, seeking lower costs and better working conditions. The spread of industry is made possible by the spread of an ample, economical power supply. Payrolls and purchasing power accompany the factory. The farmer, no less than the small town resident, shares in the prosperity which results. The local market for his products is strengthened; and he benefits, too, from public improvements made possible thereby. This company's transmission lines, blanketing a wide area, insure the ample power supply upon which the spread of industrial activity is based.

Personal And Society Items From Morley

Mrs. Jennie Sikes will present this item to The Standard she will be given a pound package of Baker's Breakfast Cocoa.

Mr. and Mrs. S. Seaboard were Cape Girardeau visitors, Sunday.

Word reached here Sunday of the death Saturday night of Rube Armstrong of Vanduser of apoplexy. He was a son of Mr. and Mrs. Alex. Armstrong and is survived by his wife and one son, Maurice, who is a student at the Cape Girardeau Teachers' College. He owned a barber shop and restaurant. Funeral arrangements had not been received here.

The Baptist Missionary Society met with Mrs. Fred Stephenson and Mrs. A. M. Lancaster Wednesday, February 28 at the home of the former. Eleven members and one visitor enjoyed a program in preparation for the Home Mission program of March 7. A delightful two-course lunch was served at the conclusion by the hostesses.

The Methodist Missionary Society was entertained by Mrs. J. E. Smith in their monthly meeting Thursday. Mrs. G. D. Harris led the program on "Missionary Opportunity in Brazil" with Mrs. Wm. Foster. Mrs. Phoebe Black, Mrs. U. G. Ragains and Mrs. J. E. Smith assisting. Nine members were present.

C. D. Harris came home Saturday from St. Louis for a week-end visit with his mother, Mrs. Mary Harris. He is attending a school of pharmacy.

H. F. Emerson, Jr. is home again after several months employment at Cairo.

A very interesting meeting of the W. C. T. U. was held with Mrs. Lottie Leslie, Friday, February 23. All those interested are urged to attend these meetings on the fourth Friday of each month.

Miss Wilma Ragains and Doris Ragains of Sikeston spent the week-end with homefolks.

CANCER TREATMENT IS DESCRIBED FOR MEDICAL SOCIETY

St. Louis, March 6.—Cases of cancer which have been successfully treated with an extract of the pancreas were described by Dr. F. L. Morse at the weekly meeting of the St. Louis Medical Society last night. Dr. Morse reported the progress of several cancer sufferers under this form of treatment, in one of which a malignant growth was found to have disappeared entirely.

The type of patient, said Dr. Morse, rather than the extent and character of the growth influence the outcome under this method. The plethoric, high-tension type of individual, he said, makes better progress regardless of the type of the malignancy. There is no rapid resolution of the cancer, but after four or five injections of the extract into the region where the growth occurs, the patient feels better, his strength and weight increase, his blood picture is improved and he has a better appearance, but it is usually three to four months before any decrease in the size of the tumor is evident. Strange processes of repair occur, he declared. In one case a large secondary growth which involved the skin and bone of the head vanished and hair reappeared. In another, there was an enormous cancer of the bladder. This patient died later of an unaffiliated disease, and the autopsy showed the complete absence of even a trace of the cancerous growth. Dr. Morse declined to go into

IN AND ABOUT TOWN

Mrs. C. M. Harris, Phone 581, Local Reporter

If Mrs. Jennie Sikes will present this item to The Standard she will be given a pound package of Baker's Breakfast Cocoa.

Attend the girls' tournament.

Mrs. A. B. Proffer of Dexter was here Monday afternoon, visiting with friends.

Attend the girls' tournament.

Mrs. W. D. Clark of Scott Street entered the Southeast Missouri Hospital, Cape Girardeau, Tuesday,

the theory of cancer and its pathology. He said he was aware that this form of treatment was far from perfect, but said when the facts as ascertained are considered, namely, that certain types of patients thrive on the treatment, the hopefulness of the cases and the fact that the tumors have disappeared and the patients were restored to apparent health, the treatment certainly should be worth consideration. He urged the use of sufficient biological, laboratory and clinical material of a variety to warrant the working out of a scientific procedure in the treatment.

"If cancer," he said, "was a disease which would occasionally undergo spontaneous recovery, this very limited report of mine would mean nothing. But to see the marked improvement in some of the cases convinces me this pancreatic extract contains a specific 'something' which is necessary for a normal chemical but unidentified endocrine stimulant."

WOMAN DOCTOR FOUND GUILTY GETS 25 YEARS

Chicago, March 7.—Only a higher court, or death itself, can save Dr. Alice Wynkoop from the penitentiary now.

A jury convicted her last night of slaying her daughter-in-law, Rhoda, in the "operating table" murder that horrified the nation. It fixed her sentence at 25 years imprisonment in the penitentiary. Only two ballots were taken. The murder drama that began when Rheta's body was found, a bullet in the back, on Dr. Wynkoop's operating table last November 21, kept its interest in rushing crescendo to the last. With the jury in its place, ready to report its verdict, Judge Harry B. Miller summoned the jail physician to stand by the 63-year-old woman, and be ready to administer strong heart stimulants, lest the shock of the verdict strike her dead. She did not need his ministrations. She heard the verdict as she sat in her wheel chair without sign of a quiver. She turned to two of her children, Walker and Dr. Catherine Wynkoop, and said: "Go home, now children, and sleep. Your mother is not guilty. No, no, not guilty."

In a moment it was over and this paradox of a woman, with a keen, strong mind in a frail body, was being wheeled from the court room, back to the infirmary cot at the county jail. There she will await the result of her attorneys' efforts to win a new trial. Arguments for a new trial have been set for March 24. If they are denied, an appeal to the State Supreme Court is planned. The verdict was regarded by

as a surgical patient. Mr. Clark is working for the L. B. Price Company.

Ewell Barger of Lake Village, Ark., spent Monday night here with his parents, Mr. and Mrs. Geo. Barger, and children, Ewell, Jr., and Betty. Mr. Barger will return to Memphis, Tenn., this Sunday for further treatment. It is thought he will not have to undergo an operation.

Attend the girls' tournament.

Chester Claghorn of Marion, Ill., visited here a while Tuesday morning with his sister, Mrs. Geo. H. Barger, and family, enroute home from Benton.

Many as tantamount to a death penalty for Dr. Wynkoop, who had collapsed time and time again during the 14-day ordeal of this—her second trial. She suffered a complete collapse from heart disease during her first hearing in January. There was a likelihood, some physicians said, that she would die of natural causes before she goes to prison—if she goes.

GET FIRST COUNTY LICENSES

The first County beer license issued went to Andy Metz of Oran and No. 1 package liquor license to L. D. Lankford of Chaffee, who paid the county treasurer \$25 and \$50, respectively, in order to comply with the recent order of the County Court.

Counties are permitted to levy not to exceed the rate fixed for State permits and the Court has ordered the following levies: Beer over 3.2 alcohol and not in excess of 5 per cent, weight, by the drink for consumption on the premises where sold, \$25 per year; intoxicating liquor in the original package, not to be consumed upon the premises where sold, the sum of \$50 per year; intoxicating liquors, by the drink, for consumption on the premises where sold, in incorporated cities having a population of more than 500 inhabitants, where such sale is authorized by the vote of a majority of the qualified voters of such city, the sum of \$300 per year; railroad companies operating through Scott County, selling intoxicating liquors for consumption upon its cars, the sum of \$100 per year.

Mrs. Jake Watson was the guest of Mrs. B. A. Prince, Monday.

CANNING CLUB GIRLS MAKE NEW RECORDS IN NATIONAL 4-H CONTEST

Chicago, March 3.—4-H Club girls made new marks in their canning work last year, according to a summary of thousands of records secured in a national contest conducted by the National Committee on Boys' and Girls' Club work of this city. Over 150,000 canning members in 37 States took part in the contest.

The largest amount of home canning reported was 6582 pints by Kathryn Casto Lorentz, W. Va., which she did in 8 years. Pauline Martin, Bedford, Va., using the commercial facilities of her family, showed 10,862 pints in eight years. Kenneth Benson, Winchester, Mass., put up 6791 pints, most of which he produced the last few years in a small commercial plant he operates. Elena Shoup, Ramona, Okla., canned 6112 pints in 9 years, winning national championship for her more complete records and the fact that she produced much of the raw material in fruit growing, garden and poultry projects.

The average of the State championships was 2460 pints. This included meats, vegetables and fruits. State champions had won an average of \$106 in prizes, and their gross income averaged \$942. This was realized in the six years they averaged in canning projects.

Their ages averaged 17½ years. The contest is renewed for 1934 and offers prizes for county, State and National winner provided by the Kerr Glass Mfg. Corp. of Oklahoma. State winners receive educational trips to the National Club Congress to be held in Chicago in December. A \$400 college scholarship will be awarded the national winner. State and county club leaders are co-operating with the National 4-H Committee in the contest.

PHILANDERER AND HIS "HEART GERMS"

By Helen Rowland

A philanderer doesn't have to be exposed to the dangers of love, at this time of year. He carries the germs of the malady around with him, and leaves every woman he meets with a touch of heart trouble or high blood pressure.

Love used to be a sporting proposition; but there's not much sport about it in these days when a girl carries her heart around with full "Directions for Unlocking" printed right on the lid. Not every girl feels that "Independence" consists in taking orders and putting up with grouches from another woman's husband around an office all day, instead of giving orders to your own husband and coddling him into a good humor, all evening.

A woman is old or young, in inverse ratio to the ages of the men who look at her. She is not actually passe until the men half her age stop looking at her and begin listening to her.

PROPOSES CUT IN SALARY OF RURAL MAIL CARRIERS

Washington, March 6.—Slashes in the salaries of rural mail carriers, which he estimated would save

more than \$11,000,000 a year, were recommended to the House post-office committee today by Postmaster General Farley.

Pointing out reduced appropriations compelled savings, such as the day-a-month furlough, recently ordered for all employees, Farley asked permission to pare down the pay of the approximately 38,000 rural carriers in preference to pressing the program of consolidating routes and thereby having to drop some 9000 carriers.

The postmaster general said the salaries of rural carriers were excessive compared with other postal employees.

The bill by Representative Dockweiler (D-Calif.), which the committee is studying, would cut the basic pay of rural carriers from \$1800 for 24-mile routes, and \$30 a mile over that, to \$1800 for 30-mile routes covered six days a week, and \$20 a mile over that.

DRAWINGS MADE FOR DISTRICT TOURNAMENT AT CAPE

The drawings were made at the Teachers' College Monday morning for the annual District Basketball Tournament. The tournament opens Wednesday night and continues through Saturday.

The pairings were as follows: Wednesday night, Bloomfield vs. Hayti, Sikeston vs. Fruitland, Benton vs. Alton.

Thursday night—Dexter vs. Vanduser, Central vs. Oak Ridge, Fremont vs. Lutesville.

Friday afternoon—Poplar Bluff vs. Senath, Fomfelt vs. Matthews.

VANDUSER GIRLS VICTORS SCOTT-MISSISSIPPI TOURNNEY

The Vanduser girls won the Scott-Mississippi County Tournament at Benton Saturday night by defeating the Diehlstadt girls in the finals 50 to 49. Charleston

won third place by defeating Blodgett 34 to 24.

A first and second all star teams were chosen by the officials at the end of the tourney. The first team: Forwards, J. Malone, Diehlstat, and Woodward, Vanduser; centers, Wilson, Vanduser and Suter, Diehlstadt; guards, Burke, Vanduser and G. Malone, Diehlstat. Second team: Forwards, Greer, Blodgett and Pemberton, Charleston; centers, E. Collier, Diehlstadt and Clippard Blodgett; guards, Kirkpatrick, Charleston and Slinkard, Vanduser.

BOY SCOUTS HIKE TO INDIAN MOUND SUNDAY

Following is a list of Scouts who passed second class cooking and firebuilding, tracking, signalling tests given at a meeting of Troop 43 at the home of the Assistant

Scout Master, David Keasler, Sunday morning: Billy Bess, Trentis Stovall, Bud Knight, J. T. Singleton and Fomie Swaim. Following the tests twelve members of the troop hiked to Indian Mounds, where they had an enjoyable time rummaging around for Indian relics, bringing home a collection of arrow heads and a large clay pot.

A son was born Monday to Mr. and Mrs. Lyman Jines of Sikeston. The young man was christened Jerry Lilman.

Last week a man painted Frisby Hancock's barn and put out a spring tonic sign, free gratis. It looks so lonesome Frisby says he's half a mind to swap residences with his horse.—Commercial Appeal.

Surprising Interest

in the

New Frigidaire '34

Since brief news items appeared in local papers relative to our acceptance of the FRIGIDAIRE AGENCY for Sikeston, a surprising number of inquiries have come in about the new models for 1934.

What are they like? What are the new features? What do they cost? etc., etc., are the questions that are being fired at us from many quarters.

After attending the big factory sales meeting in St. Louis where 600 enthusiastic Frigidaire Agents sat, looked and listened for eight hours almost without a break, we offer only one word as an answer and that is,

WONDERFUL

FRIGIDAIRE as most people know is the "Daddy" of Electric Refrigeration.

Millions spent by the Company in experimental and research work during past fifteen years have brought amazing results.

We shall not go into details just now, but merely ask prospective buyers to prepare for a shock as to conveniences, quality and prices that go with Frigidaire '34 when the announcement is made—which will be shortly.

Air Conditioning Units, look like a nice piece of furniture, beverage coolers and commercial outfits also show vast improvements.

Watch and Wait for a few days and

Make it a Frigidaire '34

Washington Comment

The securing of 145 signatures in the House, to a petition favoring the bringing up of the Soldiers Bonus bill for consideration, shows that sleeping dogs cannot be relied upon to remain in a somnolent state forever. The payment of the bonus was urged seriously some months ago. The President put his foot down, numerous other feet were put down, important matters of a different sort claimed legisla-

tive attention and the bonus payment went to rest. It has awakened. There are several points to be considered in connection with it. First, there is advisability of handing out at this time, the vast amount of cash that the settlement will call for. Perhaps that will attract least attention, in view of the large-scale relief measures that have gone forward without opposition. If everyone else can have access to public funds, why not the soldiers? That is the question that some of the bonus advocates are asking. The second feature that gives the legislators ground for thought is what will the veterans do if their demands are turned down at this time, and what can they be counted upon to do if their demands are met. When all is said and done, no one can blame a Congressman for doing all he can to save his own political hide. Finally there is to be considered the point that if Congress passes the bonus measure, Congress will be taking its first stand against the Executive. The plan to pay the bonus is laden with all sorts of difficulties, involving statecraft, public policy, politics, duty and expediency. How to find a way out of the maze is a matter that is taxing the ingenuity of both the legislative and executive branches of the government just at present.

Another change in the Cabinet seems likely. Mr. Swanson, it appears, may relinquish his portfolio on account of poor health. Couple together the facts that the Secretary is past his three-score-and-ten, that his health is not good, and that these are strenuous times, and one arrives easily at the conclusion that a new Secretary may be in office, probably sooner than later. The maxim: "Old men for counsel, young men for action", will not, it is to be feared, induce Mr. Swanson to retain his place. The nature and the degree of course required of a cabinet officer at this time makes the maximum of no weight. It is not lack of ability or willingness that will deprive the country of the efforts of Mr. Swanson. If he goes, it will be on account of those infirmities from which no one is exempt.

A few years ago, Gen. von Hindenberg was the military man of the hour, a glorious hour from the German standpoint, but an anxious hour from the viewpoint of the allied nations. A little later and he was elevated to the highest place in the civil life of the Fatherland. His sun has set. On Sunday, February 25, the masses placed the supreme power in the hands of Mr. Hitler. It is true that President von Hindenberg still retains his office in name, but the position must be well-nigh intolerable to one who was a field-marshal under old Prussian order. We sometimes smile at the inconspicuous place occupied by the Vice-President of the United States. He stands in front of a bright and shining background, compared with poor old father Paul, the theoretical leader of the German state, but practically no more than a figure-head.

The President has suggested to Congress the propriety of giving the Federal government a wider and more complete control over means of communication by wire, or radio, telegraph and telephone companies being included, along with the concerns operating wireless apparatus. As matters now

Another Wonderful Flight!

ON BOARD THE BYRD FLAGSHIP JACOB RUPPERT: (via Mackay Radio) Jan. 4: And now, after three months in the engine room of this great steel oil burning ship, I am starting on the second and most important phase of my training as an Antarctic explorer and aviator. I have been assigned at last to the aviation department! Now I am working directly under that great flyer, Harold Gatty, of Darien, Stamford and Bridgeport, Conn., the Expedition's chief aviator and the other members of the flying unit. They are Paul Swan, of Washington, Kansas; I. Schlossbach, of Bradley Beach, N. J.; Ralf Smith, of Fredericktown, Ohio; William Bowlin, of Indianapolis; William McCormack, of Lansdowne, Pa., and E. J. Demas, of Washington, D. C.

Commodore

They're a fine H. Fr. Gjertsen skillful crowd and I'm proud to be one of them. With Admiral Byrd we're going to make aviation history.

It is an unparalleled opportunity for me to train with all types of aeronautical equipment—biplane, monoplane, autogiro—single and twin engines from 120 to 525 h.p.—very latest instruments, radio and other equipment—every kind of landing gear including pontoons, wheels and skis. All the planes, ready for quick use, are in the holds except the big Condor which is on the after deck on a special cradle with its wings extending out over the water on each side. The peculiar hazardous position of this machine has several times affected the course of our vessel, especially in the gales we have met. Commodore Gjertsen must frequently maneuver the ship so the Condor won't be ripped overboard by the wind.

Yesterday (Jan. 4 with you—Jan. 3 with us) Admiral Byrd, with me at the controls, and Bowlin, Pelter and Peterson, made another grand flight in the Condor. Mark it in your club maps—along the 117th meridian from 116.35 west 69.75 south 150 miles to 72.30 south and back. Use a blue pencil for this flight and keep your map very carefully. A little later we're going to announce a contest for the most accurate maps kept by club members. Instead of finding land, as he thought he might, Admiral Byrd reported that nothing but sea ice was visible and the Eastern coast of the supposed Antarctic continent is still undiscovered. In fact, the flight allowed the Admiral to say that approximately 200,000 square miles of unknown territory, which explorers have thought might be part of the Antarctic land, can officially be put down on future maps as "Pacific Ocean." Seems to me that if this Expedition accomplishes nothing else, this one exploration flight, coupled with the one on Dec. 22, has established a high value for this trip. But don't worry! We're going to do a lot of other big things.

I'm getting a bit fed up with icebergs and their terrifying collisions and fights with each other. Admiral Byrd flew over one we could see from the ship—25 miles long and four miles wide. Imagine!

When I left Harvard I thought I was through with school forever. Not so. Together with the rest of the crowd on board I have been

busy on a post-graduate course All across the Pacific we had three lectures weekly on such things as Physics, Transportation and Dogs. Biology, Scott Expedition, Photography, Geology and Geophysics, Shackleton Expeditions, Camping and Trail Parties, Meteorology, Cooking, Clothing and a dozen other subjects, with our own experts doing the lecturing. Needless to say, all our minds are crammed with knowledge we didn't have before and now that we are in the great ice pack, we are finding daily use for it. The Expedition is proving a wonderful education. Every day I stumble over some bit of equipment that puzzles me so I find the man in charge and ask him all about it—Mukluks (skin boots), Parkas (hooded coats), sleeping bags, portable radio transmitting and receiving sets for use out on the trail. It is difficult to grasp what a tremendous undertaking this is until one actually sees the myriad of details involved—and still each department functions as smoothly and casually as if two year Antarctic Expeditions were ordinary occurrences. The supply officer is going in and out of holds and storerooms all day long checking and segregating thousands of boxes, crates and packages intended for Little America. Everything intended for the ice is marked "Barrier" and in my sleep I can hear the supply officer yelling "Drop that, it's for the barrier!"

Now we're constructing dog sledges. It's interesting. Not one piece of metal goes into their assembly, not a nut or bolt or nail. They are made of eleven pieces of very tough and resilient wood tongued and grooved. We are lashing them together with thin strips of rawhide, permitting them to yield to shocks and stresses without breaking the wood. Capt. Innes Taylor, in charge of the dogs, told me today that an ordinary team consists of nine dogs and that the average load is around a thousand pounds, sometimes greatly exceeded for short distances.

The dogs are being measured and fitted with harness and seem to be looking forward to the comparative freedom of the ice. Poor dumb smelly brutes! every time a dog is fitted to his harness he goes into a canine ecstasy of barking, yelping and wriggling. The harness consists of a collar, like a miniature horse collar, a set of traces and a snaffle-ring for attaching the dog to the lead line. The dog drivers say the dogs must be watched carefully because they sometimes get so hungry they eat the harness.

A radio from New York tells me the maps we are sending to members so they can mark them and thus keep track of our flight tractor trips and other explorations are ready and are being sent to members without cost. They tell me the club membership is now well up in the thousands so if you haven't joined now is the time to send me a self-addressed stamped envelope at the Little America Aviation and Exploration Club, Hotel Lexington, 48th Street and Lexington Avenue, New York, N. Y. and get your membership card and map, without any obligation of a sort. This club is a favorite hobby of Admiral Byrd's, to encourage American aviation, and he hopes to have at least 100,000 members before we get back.

(Next Week:—On for Little America!)

Yes! We Efficiently Repair Ladies Fine Shoes

Do not compare the ordinary rough job of shoe repairing with our skilled service. Our workmen are skilled in the art of producing a finished piece of repair work on the finest footwear. Do not discard those fine shoes—bring them to us. We will put them in the new shoe class.

FELTNER'S SHOE SHOP North New Madrid St. Sikeston Missouri

Reports of the storm that has enveloped the East serve to emphasize the difference between a city and a big city. A column heading in a Washington paper states that 10,000 men will be employed to dig the city clear of ice and snow, whereas a column heading from a New York paper indicates that 10,000 more will be set to work along the line mentioned.

FOR TAXING HOLDING COMPANIES TO DEATH

Washington, March 3.—y use of the taxing power of the Federal Government, Senator Borah hopes to abolish holding companies, particularly those in the public utilities field.

Without previous announcement, the Idaho Progressive Republican yesterday introduced three amendments to the pending tax bill, which, if enacted into law, would virtually eliminate the financial superstructures which have been built over operating companies.

The first and most far-reaching amendment would forbid one corporation, in making its Federal income tax return, to deduct from gross income, dividends received from another corporation.

The second would deny corporations the existing right to take credit for taxes paid by foreign subsidiaries to foreign governments.

The third amendment would deny corporations the existing right to make consolidated returns. Senator Borah said he had been studying the holding company problem for several months, seeking some way to curb their extensive economic and political power. He has been aided in his work by members of the staff of Ferdinand Pecora, counsel of the Senate Banking and Currency Committee, and tax experts of Congress.

By introducing his amendment at this time, Borah hopes to get the holding company question debated on the floor of the Senate while the country is still thinking about the flight of Samuel Insull, the Senate Banking Committee's exposure of holding company practices, the salaries paid to holding company executives and the charges of public utility lobbying in Washington and the State capitals.

ROOSEVELT WANTS SMALL MAN HELPED

President Roosevelt has taken a determined stand to see that the small business enterprises of the country are given better protection against the encroachment of the big corporations. This has been one of the major causes of the depression and in his campaign for the presidency announced he would, if elected, do everything in

his power to correct this unequal condition in the interest of the common welfare.

After election and before taking office he continued this advocacy, realizing that upon the development of small factories, retail and wholesale concerns depends employment opportunities as well as in conserving these resources for the benefit of the country as a whole. President Roosevelt, before taking office issued this emphatic statement:

"The time has come for a reappraisal of values. The unflinching statistics of the last 30 years show that the independent business man has been running a losing race against the great corporations. Plainly enough, we were steering toward economic oligarchy, if indeed we were not already there.

"Our job is to realize that the day of the great promoter or the financial titan, to whom we granted anything if only he would build or develop, is over. Our task now is not the discovery or exploitation of resources; it is the soberer, less dramatic business of administering resources already in hand, of seeking to re-establish foreign markets for our surplus production, of meeting the problem of underconsumption, of distributing wealth and production more suitably and accepting existing economic organizations to the services.

Since taking office, President Roosevelt has demonstrated the sincerity of his words by putting into practice, through legislation, many laws to more equitably distribute the resources, probably the most important of which is the National Industrial Recovery Law. This law will stop encroachment upon the small business concerns which, under the law, must be safeguarded against oppression and discrimination.

The President showed he understood the situation when in his radio talk outlining his re-employment plans he said: "But, important as is the heartening demonstration, (response to the President's agreement) the richest field for results is among small employers, those whose contribution will be to give new work to from one to ten people. These smaller employers are indeed a vital part of the backbone of the country, and the success of our plan lies largely in their hands."

MORGENTHAU NOTES LIQUOR STAMP LAW IS VIOLATED

Washington, March 3.—After a personal inspection of window displays in liquor stores here today, Secretary of the Treasury Morgenthau issued an order to all revenue agents in the United States to enforce the law requiring a red stamp to be pasted over the mouth of every bottle of liquor sold. He saw several bottles lacking these stamps.

He directed the agents to notify dealers that all bottles lacking the stamp were subject to seizure and that the owner was liable to five years' imprisonment or \$10,000 fine, the order directed that where dealers could make an affidavit of good faith and declare there was no intention to violate the law, they should be permitted to purchase the red stamps.

The Improvement Association met in executive session Monday night and voted unanimous approval of Miss Frazee Allsopp's new permanent wave and plucked eyebrows.—Commercial Appeal.

Open Meeting of Apollo Group

At the open meeting of the Apollo Group held Sunday afternoon at the Methodist Church was presented one of the finest home talent performances ever given in Sikeston.

The subject of the program was Church Music, the study being conducted by Mrs. B. F. Blanton, who read a paper on the history of church music.

Mrs. Blanton began with the earliest church music and in following her subject, showed how the development of sacred music was evidenced in the numbers presented. This lent added interest, as the number were from chorals, cantatas, oratorios, etc.

Mrs. Ralph Anderson was musical director of the meeting and deserve great credit for having gotten together so outstanding a program.

The recital was opened with two movements: (a) Allegro Moderato and (b) Adagio from Mendelssohn's Sonata No. 1, which Mrs. Anderson rendered on the organ. These two parts in their different tempo and feeling showed to advantage on the fine organ and were beautifully played.

"How Shall I Fitly Meet Thee" by Bach, a purely choral number, was very pleasingly given by a quartette composed of Mesdames E. H. Orear, H. E. Reuber, Messrs. George Kirk and Harry Dover.

Following the reading of the 150th Psalm by the Rev. E. H. Orear, Miss Madge Davis sang the Kyrie Elieson, accompanied by the voices of thirty young girls.

The next number was an Ave Marie by Abt, sung by Mrs. Geo. Kirk with the accompaniment of the voices of Mesdames Sharp and Hollingsworth and Miss Davis.

These two numbers are examples of Roman Catholic music and were most effectively given from the balcony in the rear of the church. They were both accompanied by Mrs. T. B. Allen at the piano—the last also by the organ.

Mrs. I. L. Parrett then played a most interesting example of Hebrew music. This was a splendid violin rendition of "Kol Nidrei" by Bruch.

"O Rest in the Lord" from the oratoria "Elijah" by Mendelssohn, was sung by Mrs. H. E. Reuber. This lovely number seemed especially adapted to Mrs. Reuber's contralto voice, which did it full justice.

Then followed three numbers: "Rest" by Gounod, "Twilight" by Abt and the Dooxology sung by a quartette composed of Miss Davis and Mesdames Kirk, Sharp and Hollingsworth. These were very beautiful examples of sacred choral music and were well rendered. The Veper service closed with the chorus "Unfold Ye Portals" from the Redemption by Gounod, which was most pleasingly sung by the choral club, a department of the Apollo Group.

MAJ. GOETZ IS GIVEN POST IN SWITZERLAND

Washington, March 7.—Major Robert C. F. Goetz, field artillery, whose home is Cape Girardeau, Mo., has been relieved as military attaché to Belgium, Luxembourg and Netherlands and assigned as military attaché at Berne, Switzerland, the war department announced.
